sim book is not for everyone but its a packaged combination of great insights words of encouragement and action plans for those existing or potential entrepreneurs business leaders and managers all kinds of professionals youths adults parents and spiritual persons wholl want to fulfill their purpose in life and leave behind a legacy that can live beyond them its almost impossible for anyone to achieve anything without knowing who they are where they are and what they need to do in order to achieve any of their lifes goals many of these facts are elicited in the sim book and the principles outlined if implemented and managed properly can turn a mediocre life into a successful and fulfilling one

uncovering the psychological and sociological reasons for the gender gap in american politics this fascinating volume explores how such factors influence women and lead to their political beliefs and behaviors based on original research with women voters of varying ages around the united states from 2008 to the present the book delves into differences between voting women and men and indeed among women themselves the gender gap the author argues exists because women s social identity is tied to their group memberships and gender role beliefs thus rather than grouping all women into one voting bloc the book examines how gender identity influences various sub groups of women it begins with a discussion of the gender gap in voting preferences throughout history then goes on to explore the roles of feminism and women s connectedness to their gender group as a primary cause of the gender gap in voting the remaining chapters discuss how these factors influence women s political engagement policy positions and candidate preferences

contemporary societies are saturated with pictures they are globally a part of everyday life and they are seductive offering values and beliefs in such highly pleasurable forms that it is often difficult to resist their power to persuade yet interpreting pictures is largely neglected in schools picture pedagogy addresses this head on showing that pictures can be used as a powerful form of classroom pedagogy duncum explores key concepts and curriculum examples to empower you to support students to develop a critical consciousness about pictures whether teaching art media language or social studies drawing on the interpretive concepts of representation rhetoric ideology aesthetic pleasure intertextuality and the gaze duncum shows how you can develop your students skills so that their power as viewers can match the power of pictures to seduce examples from the history of fine art and contemporary popular mass media including big data and fake news are drawn together and shown to be appealing to the same aesthetic pleasures often these pleasures are benign but also problematic helping to promote morally questionable ideas about a range of topics including gender

race and sexual orientation and this is explored fully

describes nine different teaching strategies which have been proven to have positive effects on student learning and explains how those strategies can be incorporated into the classroom
