adaptations en français en anglais et en mi kmaq d'un conte traditionnel mi kmaq recueilli et publié au 19e siècle par silas t rand de hantsport en nouvelle Écosse un couple pauvre et âgé recueille un petit garçon trouvé sous la terre cette action bienveillante est le prélude à une série de prodiges

what if animals and humans could speak to one another tom mustill the nature documentarian who went viral when a thirty ton humpback whale breached onto his kayak asks this question in his thrilling investigation into whale science and animal communication a new yorker best book of 2022 when a whale is in the water it is like an iceberg you only see a fraction of it and have no conception of its size on september 12 2015 tom mustill was paddling in a two person kayak with a friend just off the coast of california it was cold but idyllic until a humpback whale breached landing on top of them releasing the energy equivalent of forty hand grenades he was certain he was about to die but they both survived miraculously unscathed in the interviews that followed the incident mustill was left with one question what could this astonishing encounter teach us drawing from his experience as a naturalist and wildlife filmmaker mustill started investigating human whale interactions around the world when he met two tech entrepreneurs who wanted to use artificial intelligence ai originally designed to translate human languages to discover patterns in the conversations of animals and decode them as he embarked on a journey into animal eavesdropping technologies where big data meets big beasts mustill discovered that there is a revolution taking place in biology as the technologies developed to explore our own languages are turned to nature from seventeenth century dutch inventors to the whaling industry of the nineteenth century to the cutting edge of silicon valley how to speak whale examines how scientists and start ups around the world are decoding animal communications whales with their giant mammalian brains virtuoso voices and long highly social lives offer one of the most realistic opportunities for this to happen but

what would the consequences of such human animal interaction be we re about to find out

leslie day s life changed forever when in 1975 she moved to a tiny houseboat on the hudson river at the 79th street boat basin a new home umbilically tied to manhattan s upper west side in her heartfelt memoir river day reveals how she fell in love with and married her neighbor a biology professor at brooklyn college became a naturalist educator and author and raised her son on the boat as day invites readers into the intimate and connective stories of the singular floating community on the river the histories and the people of the hudson flow along with the tides and currents of day s life there are stories of those who polluted the river and of those who fought for it to be clean and safe stories of how day became a student and teacher of the river and of the plants and animals she grew to know and love challenges and celebrations have their own place too storms sinkings fires and ice fields as well as weddings birthdays holidays and found families a unique look at life on and of the hudson river is a love letter to new york city its famous waterway and the environment around us and the people who shape it

told through the eyes of a whale and her calf this mesmerisingly beautiful book is a story of migration family and the strength of parental love and a celebration of the wonders of nature we re going on a long journey little whale sang her mother we re going home travelling from the warm weather of the south through fragile coral reefs kelp forests and glittering shoals of fish little whale follows her mother to the icy north with her mother guiding and protecting her all the way home with atmospheric charcoal drawings and gentle lyrical storytelling little whale is perfect for sharing with your little one evocative charcoal drawings bring the underwater world to stunning life fans of blue planet will be mesmerised the bookseller also by jo weaver little one little tigers
