with the economic rise of the celtic tiger in the 1990s irish culture was deeply impacted by a concurrent rise in immigration a nation tending to see itself as a land of emigrants suddenly saw waves of newcomers in this book moynihan takes as her central question a formulation by sociologist steve garner what happens when other people s diasporas converge on the homeland of diasporic people approaching the question from a cultural rather than a sociological vantage point moynihan delves into fiction drama comedy and cinema since 1998 to examine the various representations of and insights into race relations other people s diasporas draws upon the recent

fiction of joseph o connor roddy doyle and emma donoghue films directed by jim sheridan and eugene brady drama by donal o kelly and ronan noone and the comedy of des bishop to present a highly original and engaging exploration of contemporary irish discourses on race

the story of the dubliners who served in the british military and in republican forces during the first world war and the irish revolution

elder abuse has been increasingly recognised over the past ten years in many countries and progress has been made in both understanding and addressing the issue this volume provides a much needed international overview of the topic opening with an examination of what elder abuse is amanda phelan sets it in a theoretical context and looks at assessment and approaches to the issue in residential and community care environments the book then presents a range of country studies which provide an overview of the context of elder abuse in the country and a discussion of related policy legislation research and practice countries covered include ireland united kingdom spain china australia kenya israel canada and the united states whilst a regional chapter looks at south america a concluding chapter draws together cross cultural comparisons and provides some guidance as to best practice the only comprehensive book in this area international perspectives on elder abuse is an invaluable reference for practitioners academics and researchers from a range of disciplines including nursing social work sociology public health and social policy

the european population 1850 1945 is the first volume of two on demographics the second volume will appear as part of the societies of europe series in 2003 and will cover changes until the year 2000 the european population 1850 1945 is a comparative and historical data handbook and accompanying cd rom presenting series data on demographic developments population and household structures for the countries of western and central europe all major fields of demographic change are covered fertility mortality marriage and divorce population figures are given for each population census by sex civil status and age major demographic developments within the family are described providing a commentary on the main population structures and trends in europe since the 19th century

with social and community services coming under increasing pressure as austerity continues unfinished business examines how social policy has operated in ireland and how it has been affected by consistent government cutbacks it examines a wide range of issues important to social care students such as poverty homelessness disability immigrants mental health and many other issues pertinent to irish society today this book is the first irish social policy textbook written for social care studentsposes important questions about not only social policy approaches but also policy failings and makes the case for a move towards social policy regulationis useful to students from other disciplines such as community work early childhood studies nursing addiction studies and child protection studiesis written in a clear and accessible style and laid out in a user friendly manner the book is aimed at undergraduate students in social studies social science and public administration and will also prove useful to practitioners who seek to broaden their understanding of social care

the united nations world assembly on aging has made advancing health and well being into old age a worldwide call for action and this text at hand shows us what researchers worldwide are doing to answer that call here three of america s most esteemed experts on aging lead a global team of contributors each an expert in his or her country to show us what the top challenges of each nation are and what top research is being done there to meet those while we cannot predict with absolute certainty all of the issues that will arise over the next 20 years we can anticipate some and we must start now to prepare for these challenges an expert from the u s department of health and human services warned at a recent un world assembly on aging needed response to the global population shift is not just the responsibility of governments but will be a product of wise long term decisions made by individuals and societies she explained in most nations globally populations are graying and the number of people aged 65 and older is vastly increasing creating a larger segment of senior citizens than the world has ever before seen across human history the elderly accounted for no more than 3 percent of the world population by the year 2030 the elderly are expected to make up about 25 percent of the world population and while longevity is of course seen as a great success longer lifespan for such masses also creates dilemmas for example the incidence of dementia has already increased significantly with an 11 fold increase in people aged 65 and older in the us since the turn of the century and a similar increase in aged people in scotland has researchers there scrambling to find treatments for what they expect will be a 75 percent increase in dementia over the next 25 years chronic diseases that come with aging are already taxing health care systems in the us and around the world to japan with most experts aware their current health systems would be overrun and lack enough staff and facilities to handle the needs of an elderly population multiplying largely in the coming two decades increases in psychological issues such as dealing with the depression often striking aged people are impending too as are social issues such as how families and public policies will deal with the changing shape of the family
