jul 9 2020 i m adding some unit tests for my asp net core api and i m wondering whether to unit test the controllers  
directly or through an http client directly would look roughly like this

aug 31 2018 somebody told me mock is usually employed only for unit tests but i think is useful for substituting the  
external parts outside the tested class is it correct to mock in integration tests

nov 23 2016 how do i do this it's not much of a hassle but at times it would be quite convenient if i could just double click on the php html file to test my php scripts on my localhost xampp server

we would like to resolve this issue and decide if test environment should belong to development team or business team developers don't want business to put their nose in test env but business team
