the wild beauty of deserts has always been a source of fascination the world over mankind and deserts 1 the first of three volumes describes their location and geographic variety there are both hot and cold deserts those at high altitude or those at sea level differing in climate but sharing the scarcity of water extreme temperatures and often violent winds according to paleoclimate evidence however deserts have not always been as arid as they are today deserts were a source of inspiration for many spiritual leaders among them mooses jesus and muhammad as well as conquerors from alexander the great to genghis khan some avoided these deserts or crossed them as fast as they could others adapted to them and developed vibrant civilizations and cities from ancient almost mythical exploration to modern scientific studies deserts have come to be better known yet still hold great appeal this book traces the history of

their knowledge while providing a basis for understanding their features and the tools needed for their protection in an ever changing world

legacies of enslavement in the french republic explores the complex dynamics between social movements invested in remembering and addressing the legacies of african enslavement and the french state exploring 25 years of activism from the build up to the 150th anniversary of the abolition act 1998 through to the present day the book investigates strategies used by the french state to delink the recognition of france s enslaving past from contemporary issues with anti black racism and reparation asks why in the wake of the first taubira law that recognized slavery as a crime against humanity 2001 the state has legitimized the work of certain activist groups while delegitimizing others uses critical race theory and decolonial theory to examine the extent to which the state s approach to recognizing its past is structured by a colonial matrix of power highlights and contests political and media misconceptions about reparations by showcasing the work of grassroots activists operating in france the caribbean and the indian ocean in doing so legacies of enslavement showcases some of the key shifts that have taken place in the recent history of activist work operating in parallel with the successive metamorphoses of the french state as it responds to social and political pressure to recognize and repair the nation s enslaving past and its racial legacies today

the vocabulary of modern french provides a fresh insight into contemporary french with this book hilary wise offers the first comprehensive overview of the modern french vocabulary its historical sources formal organisation and social and stylistic functions topics covered include external influences on the language word formation semantic change style and register in addition the author looks at the relationship between social and lexical change and examines attempts at intervention in the development of the language each chapter is concluded by notes for further reading and by suggestions for project work which are designed to increase awareness of specific lexical phenomena and enable the student reader to use lexicographic databases of all kinds the vocabulary of modern french is an accessible and fascinating study of the relationship between a nation and its language as well as providing a key text for all students of modern french
