historically and culturally the societies that produced still life painting could hardly be more diverse what is it then that allows us to place such different types of image in a single category norman bryson argues that the family resemblances between the different types of still life stem from their common portrayal of a level of material culture that retains its fundamental outlines through long spans of time and across the boundaries and divisions of national culture the culture of domestic routine and the rituals of hospitality how this low plane reality is historically viewed and inflected by the higher levels and discourses of the surrounding culture is the fundamental subject of this book

being an analysis of the british and foreign medical journals and transactions or a selection of the latest discoveries and most practical observations in the practice of medicine surgery and the collateral sciences for the past year made chiefly with reference to the treatment of disease
