in a period characterised by an unprecedented cultural engagement with the past individuals groups and nations are debating and experimenting with commemoration in order to find culturally relevant ways of remembering warfare genocide and terrorism this book examines such remembrances and the political consequences of these rites in particular the volume focuses on the ways in which recent social and technological forces including digital archiving transnational flows of historical knowledge shifts in academic practice changes in commemorative forms and consumerist engagements with history affect the shaping of new collective memories and our understanding of the social world presenting studies of commemorative practices from africa asia australia europe and the middle east war memory and commemoration illustrates the power of new commemorative forms to shape the world and highlights the ways in which social actors use them in promoting a range of understandings of the past the volume will appeal to scholars of sociology history cultural studies and journalism with an interest in commemoration heritage and or collective memory

in 2011 capital's crisis erupted in egyptian society this eruption and subsequent politics have been misrepresented as revolutionary as the working class was and is increasingly so devalued and disempowered in crisis and class war in egypt sean f mcmahon critically analyses egypt's recent political history he argues that the so called revolution was the appearance of capital's destruction of the value of the egyptian working class and an existential crisis for capital in response productive capital in the form of the military used disposed of and replaced its junior partners in governing first the predatory capital of the mubarak state with the commodity capital of the muslim brotherhood and then commodity capital with the finance capital of the gulf cooperation council these reconfigurations have been expressed in all manner of reactionary governmental arrangements including constitutions legislation and currency reform extending today's analysis into the near future mcmahon sees the war of egyptian society intensifying and increasingly violent lives for egyptian

workers

coastal environments are unique and highly dynamic ecosystems that play a vital role in climate regulation support biodiversity and highly impact human activities this book deals with a combination of specialized areas in multiple fields it covers the coastal ecosystem of marine life and its importance for biodiversity conservation sincerely addressing significant coastal dynamics including coastal erosion and sedimentation on the shorelines natural hazards that caused widespread damage all along the coastal habitation on a global scale further it evaluates the effects of human activities on coastal development pollution and predation on marine ecosystems besides adding notorious human induced pollution which is of great environmental concern now importantly this combination of specializing within an area of multiple fields leads to a broad range of research issues this book offers numerous components of study to create a comprehensive guide for future prospects

this book assesses the construction operation and effects of the international protection regime for human rights defenders which has evolved significantly over the last twenty years in response to the risks people face as they promote and protect human rights drawing upon the experiences of human rights defenders who continue to persevere in their activism in indonesia egypt kenya mexico and colombia this edited collection examines the ways in which formal protection mechanisms by state and civil society actors intersect with self protection measures and informal protection initiatives by families and friends it highlights that protection practices are most effective when they are designed to address the specific risks that human rights defenders face which are gendered and intersectional reflect how defenders understand risk security and protection and are appropriate for the dynamic sociopolitical and legal contexts in which defenders operate this book proposes ways in which the protection of human rights defenders at risk should be reimagined and practised this book will be a thought provoking guide for students and scholars of politics international relations law and human rights as well as to practitioners engaged in the protection of human rights defenders at risk

this thoroughly researched study highlights the international community s failure to regulate contemporary state research development marketing and or deployment of riot control agents and incapacitating chemical agent weapons
