the only thing that makes death distinct from all other diseases and disorders is that everybody gets it writes lyall watson here he presents an intriguing and completely original look at our ideas of and our knowledge about that inescapable phenomenon which he suggests may be only the beginning of a far more fantastic existence than what we call life combining fifteen years scientific research with his own theories and experiences watson discusses all that is known about the biology of life and therefore of death he explores the very real problem of deciding when death actually occurs and considers our psychological and social attitudes toward death to show how we are programmed from childhood not to look beyond it but death may in no way be final he speculates describing the many varieties of reincarnation the activities of spiritualists and both out of the body and other body experiences as manifestations

of another realm of being focusing on these extraordinary happenings the romeo error leaves little doubt that there is far more to both life and death than we are able to comprehend by the poor evidence of our five senses that in fact the two may be indistinguishable with what we call death merely a change of state often temporary and sometimes even curable front and back flaps

containing valuable data information in easy to read form that you will need to obtain maximum benefit and enjoyment of your mortal experience primarily its designed to find fast accurate reliable information about a great variety of questions for example i get asked a lot of questions about god without a hint of their meaning or definition of the god subject of the question is there a god or even any form of god the answer is yes or no depending entirely on your interpretation or understandings or even unfortunately influences external to yourself we say thank god should we all freely say this yes of course and with grace and gratitude but who what where and why is this god is he she it internal or exterior to yourself or indeed both of those we can confidently and freely remove the awe sacred or grovelling fear or reverence and endless worship adoration imposed by millennia of vain religion its all inside this user guide

to live life fully and die serenely surely we all share these goals so inextricably entwined yet a spiritual dimension is too often lacking in the attitudes circumstances and rites of death in modern society kapleau explores the subject of death and dying on a deeply personal level interweaving the writings of western religions with insights from his own zen practice and offers practical advice for the dying and their families

discovering what is real or not real can be difficult this book one starts with the true nature of the universe from the very basic fabric of the universe then to following nature or all things and that includes what is commonly known as god or gods following that we deal with human origins evolution alternatives then discover our true nature and problems with religions reclaiming our individual value in life is critically covered human s lost prehistory is looked as a prelude to later books a mountain of lies and cover ups are revealed this book covers many original writings by bob maddison plus many items of interest compiled from research sufficient evidence is included in all cases so that you the critical reader is not faced with my assertions only but can do your independent research

this book presents a realistic and thoroughly spiritual outlook upon the entire created reality it lets us envisage that various created entities are participant in a relationship with god that becomes increasingly one of an intimate personal quality that is a relationship of love it thus invites discernment that the universal reality is valuable in its own right and not only as a good for the use of humanity drawing mainly upon scripture ancient writers especially maximus the confessor as well as contemporary

natural sciences this book encourages the reader to perceive human salvation not as a lifting of humanity out of creation but as a transformation into god's presence in the midst of the wider created order it shows that christian faith at its best does not exclude the wider creation but provides us with insight and hope for a harmonious being in god that is inclusive of creation it shows that christian faith can be a resource that helps overcome the ecological crisis
