providing both a depth and breadth of examples of ethical dilemmas which coaches may face as part of their practice this book is the first comprehensive handbook of case studies in the field supporting coaches in developing their ethical awareness and competence the world of coaching has become increasingly complex over the past two decades while the professional bodies have all released codes of conduct or ethical guidelines these at best deal with general principles and serve as a point of reference for reflection ethical case studies for coach development and

practice is an essential accompaniment for coaches written by seasoned practitioners this companion coaching case study book offers a more personal perspective on ethics in practice its simple structured layout and focus on ethical dilemmas make it an attractive course supplementary text and resource for practitioners divided into two sections the guide explores the following themes ethical development coach education one to one coaching individual and group supervision team coaching external coaching assignments internal coaching digital and ai coaching power in coaching and the promotion of coaching this book is a vital resource for coaches at all levels of experience in their professional coach journey and for those with more experience in the development of ethical thinking and practice such as supervisors consultants in leadership development human resource professionals and students on coaching postgraduate programmes and in private coach education

the nearly two dozen case studies in this timely book will help future and current coaches of school sports develop successful strategies to avoid or overcome challenges and become more aware of the need to remain professional and consider the implications of their actions based on real life situations it considers ethical and practical dilemmas from sports in locations across the country these compelling case studies illustrate everyday scenarios such as teaching style conflicts scheduling issues cheating confidentiality decisions and working with over involved parents that occur in school coaching and athletics the cases and thought provoking discussion questions that follow allow readers to work through the types of dilemmas they will face in their coaching careers and then carefully formulate their responses and decisions a resource list for each case allows readers to further explore the issues and develop their personal responses to each situation an accompanying instructor s manual available upon adoption includes possible responses to all discussion questions

coaches are placed in a myriad of ethical decision making situations making decisions such as playing time boosters parents social media power differentials scholarships and relationships are just a few examples of what a coach may need to navigate while many day to day situations are easily resolved some are not therefore how and by what process should a coach make these decisions this book presents a variety of cases based on true stories that present some of the ethical decisions coaches must make across high school collegiate and professional sports using a sequential system of less to more complicated 40 case studies are presented across the sports spectrum that coaches have experienced this is a key component of the book although names and situations have been changed these cases have happened and provide real applicability to coaches in addition each case may contain multiple situations perhaps with no right answer that test a coach s value system and ability to prioritize actions questions are provided at the end of each case that allow for reflection the primary audience for this book includes current coaches as well as students in coach education programs at both the undergraduate and graduate levels

case studies in sport coaching and development practice meets theory is a new textbook that serves as a resource for coach developers and educators to generate dialogue about how to further integrate evidence into practice by supporting the development of critical thinking and reflection as it relates to the real problems of practice in sport coaching grounded in a case study

framework this textbook incorporates rich descriptions of real events as an approach to exploring the problems of practice in coaching it includes multiple approaches to problems that are largely contextually specific and it includes the corresponding literature to allow for a deeper exploration of the connection between theory and practice the book's seven sections explore key themes such as building environments relationships among people involved in coaching coaching philosophy and long term goals each chapter includes questions for further discussion case studies in sport coaching and development is a key textbook for both undergraduate and postgraduate students of sport coaching sport coaching development and education as well as practicing sport coaches coach developers and organizations

emotional intelligence coaching examines the vital role emotions and habits play in performance emotional intelligence can help leaders and coaches recognize how attitudes both their own and those of the people they coach prevent individuals from reaching their potential replacing these with more useful feelings and thoughts can provide a powerful means of improving performance this book explains the principles of emotional intelligence and how these relate to coaching for performance it includes practical activities for those seeking to identify and adapt their behaviour in order to achieve more never before have emotional intelligence and coaching been brought together in this way to help you develop your own and other people's performance

an ideal introduction for trainees and practitioners looking to understand the what the why and the how of coaching research

as the profile of disability sport has risen so has the emphasis grown beyond participation to include the development of a high performance environment this book is the first to take an in depth look at the role of coaches and coaching in facilitating the professionalisation of disability sport in raising performance standards and as an important vector for the implementation of significant political socio cultural and technological change using in depth case studies of elite disability sport coaches from around the world the book offers a framework for critical reflection on coaching practice as well as the reader's own experiences of disability sport the book also evaluates the vital role of the coach in raising the bar of performance in a variety of elite level disability sports including athletics basketball boccia equestrian sport rowing soccer skiing swimming and volleyball providing a valuable evidence based learning resource to support coaches and students in developing their own practice high performance disability sport coaching is essential reading for all those interested in disability sport coaching practice elite sport development and the paralympic games

an examination of how literacy coaching can improve instructional practice this work offers research based strategies that can be used to create the professional and dynamic relationships needed for successful teacher coach collaborations

strategies for teaching in a diverse society solves a crucial problem encountered by today's teacher educators how can we adequately prepare teachers to deal with the variety of students that they will teach lasley and matczynski are the first to successfully address the central question about how multicultural and diversity coverage can be incorporated into the instructional areas of education strategies for teaching in a diverse society illustrates that attention to individual and cultural differences is a vital step to truly successful teacher preparation it offers instructors great flexibility with actual teacher examples from all content areas for the elementary middle and secondary school levels explanations for each method of instruction are supported by a plethora of case studies applicable diversity issues evaluation criteria and sample lesson plans

intended to support a basic text in sa d not a stand alone text business school courses attended by non mis majors half of the students will not go on to be mis majors but need to understand the sdlc in a business context this collection illustrates the various stages of the systems development life cycle sdlc each stage is supported by several different case studies from a wide variety of organizations this casebook will be independent of any specific textbook but the author will include links to irwin mcgraw hill sa d texts in the im
