the french invasion of italy under charles viii in 1494 95 has long been seen as inaugurating a new and wretched era in italian history the present volume the work of an international team of contributors seeks to question that

assumption by focusing anew on the intricate politics of renaissance italy and the long history of angevin attempts to impose their rule in southern italy it was later invasions it is argued that did most to reshape the politics of the italian peninsula these studies also look at social and economic effects of the french invasion as well as its cultural aspects not least the impact of renaissance culture in france itself combining survey papers and research articles this volume presents a new introduction to the history of late 15th century italy the appendix listing the ilardi collection of microfilms will also provide an invaluable guide to the diplomatic history of the era

this monograph lays the groundwork for a new approach of the characterization of the homeric helen focusing on how she is addressed and named in the iliad and the odyssey and especially on her epithets her social identity in troy and in sparta emerges in the words used to address and name her her epithets most of them referring to her beauty or her kinship with zeus and coming mainly from the narrator make her the counterpart of the heroes

internationally acclaimed biographies are almost always written by british or american biographers but what is the state of the art of biography in other parts of the world introduced by richard holmes the volume different lives offers a global perspective seventeen scholars vividly describe the biographical tradition in their countries of interest they show how biography functions as a public genre featuring specific societal issues and opinion making indeed the volume aims to answer the question how can biography contribute to a better understanding of differences between societies and cultures special attention is given to the us china and the netherlands other contributions are on australia belgium canada the czech republic denmark iceland iran italy new zealand spain and south africa this book represents a much needed breakdown of the history and current status of biography studies throughout the world any educator teaching a course in higher education that includes biography studies should definitely consider this as a major text for inclusion billy tooma film maker and assistant professor wessex county college the rise of biography is the literary event of our time hamilton and renders are its pioneer scholars and their compelling primer is a must read joanny moulin institut universitaire de france on nigel hamilton and hans renders in the abc of modern biography 2018 see inside the book

america in italy examines the influence of the american political experience on the imagination of italian political thinkers between the late eighteenth century and the unification of italy in the 1860s axel körner shows how italian political thought was shaped by debates about the american revolution and the u s constitution but he focuses on the important distinction that while european interest in developments across the atlantic was keen this attention was

not blind admiration rather america became a sounding board for the critical assessment of societal changes at home many italians did not think the united states had lessons to teach them and often concluded that life across the atlantic was not just different but in many respects also objectionable in america utopia and dystopia seemed to live side by side and italian references to the united states were frequently in support of progressive or reactionary causes political thinkers including cesare balbo carlo cattaneo giuseppe mazzini and antonio rosmini used the united states to shed light on the course of their nation s political resurgence concepts from montesquieu rousseau and vico served to evaluate what italians discovered about america ideas about american domestic manners were reflected and conveyed through works of ballet literature opera and satire transcending boundaries between intellectual and cultural history america in italy is the first book length examination of the influence of america s political formation on modern italian political thought

on january 6 1537 lorenzino de medici murdered alessandro de medici the duke of florence this episode is significant in literature and drama in florentine history and in the history of republican thought because lorenzino a classical scholar fashioned himself after brutus as a republican tyrant slayer wings for our courage offers an epistemological critique of this republican politics its invisible oppressions and its power by reorganizing the meaning of lorenzino s assassination around issues of gender the body and political subjectivity stephanie h jed brings into brilliant conversation figures including the venetian nun and political theorist archangela tarabotti the french feminist writer hortense allart and others in a study that closely examines the material bases manuscripts letters books archives and bodies of writing as generators of social relations that organize and conserve knowledge in particular political arrangements in her highly original study jed reorganizes republicanism in history providing a new theoretical framework for understanding the work of the scholar and the social structures of archives libraries and erudition in which she is inscribed
