al hablar de la novela espa3ola de postguerra es inevitable hablar de la censura y del papel negativo que tuvo en su evolucion sin embargo tambien tuvo un sentido positivo al estimular la busqueda de tecnicas para burlarla esto afecto de manera especial a la produccion femenina dada la hostilidad del regimen franquista a cualquier tipo de intento de liberacion por parte de la mujer en general se puede decir que la literatura femenina de postguerra fue ampliamente minusvalorada sino directamente obviada solamente la obra de tres o cuatro escritoras ha salido airosa de la critica de la epoca laforet matute o martin gaité las causas de este olvido son diversas de una parte se plantea el doble rasero que se aplica en lo referente al contenido a la hora de evaluar la produccion femenina y la masculina pero tambien se puede considerar la dificultad para encuadrar la narrativa hecha por mujeres en las clasificaciones elaboradas por y para la produccion masculina
