how media ownership matters provides a roadmap to understanding how variable forms of ownership are shaping the future of journalism and democracy through a comparative analysis of the us sweden and france this book maps and analyzes four ownership models market private civil society and public highlighting the effects of organizational logics funding and target audiences on the content of news the authors identify both the strengths and weaknesses various forms of ownership have in facilitating journalism that meets the democratic ideals of reasoned critical and inclusive public debate

political economy debates have focused on the internationalisation of private capital but foreign states increasingly enter domestic markets as financial investors how do policy makers in recipient countries react do they treat purchases as a threat and impose restrictions or see them as beneficial and welcome them what are the wider implications for debates about state capacities to govern domestic economies in the face of internationalisation of financial markets in response foreign states in domestic markets have

developed the concept of internationalised statism where governments welcome the use of foreign state investments to govern their domestic economies these foreign state investments are applied to the most prominent overseas state investors sovereign wealth funds swfs many swfs are from asia and the middle east and their number and size have greatly expanded reaching 9 trillion by 2020 this book examines policies towards non western swfs buying company shares in four countries the us uk france and germany although the us has imposed significant legal restrictions the others have pursued internationalised statism in ways that are surprising given both popular and political economy classifications this book argues that the policy patterns found are related to domestic politics notably the preferences and capacities of the political executive and legislature rather than solely economic needs or national security risks the phenomenon of internationalised statism underlines that overseas state investment provides policy makers in recipient states with new allies and resources the study of swfs shows that internationalisation and liberalisation of financial markets offer national policy makers opportunities to govern their domestic economies

contemporary intelligence warning cases presents lessons learned and recommendations for producers and users of intelligence warning in their joint venture to anticipate prepare for mitigate and prevent future threats to national security it presents and synthesizes the findings of 16 contemporary intelligence warning case studies undertaken by leading intelligence scholars and former intelligence practitioners it is the first multi case study of intelligence warning and adopts a uniquely broad and contemporary approach to the phenomenon featuring both successful and failed cases consistent with the increasing complexity of intelligence problems and scope of intelligence services it ranges from traditional warning problems such as invasions and wars through terrorist attacks to threats that lie beyond the traditional core scope of intelligence services such as pandemics financial crises climate change strategic acquisitions and attacks on cultural heritage

in shades of blue félix krawatzek friedemann pestel rieke trimçev and gregor feindt investigate the political project of europe as it oscillates between the extremes of expectations of an ever wider integration and fear of disintegration the authors interrogate and chart the space between these polarities by tracking the many competing conceptions of europe in european public discourse and relate these meanings to national regional and ideological divisions based on qualitative discourse analyses of newspaper articles from six european union member states between 2004 and 2023 shades of blue shifts how we think about europe s integration and disintegration and offers a new perspective on europeanization with twelve debates chronicling europe s past and discussing the implications for europe s future these authors uncover how politicians intellectuals and journalists negotiate european senses of belonging shades of blue moves beyond the binaries of hope and despair to uncover a more nuanced picture of europe

violence et religions ces deux termes sont souvent associés À juste titre l histoire du monde est chargée de guerres de répressions au nom de dieu pourtant si dans les textes sacrés on trouve des incitations à la violence on en trouve tout autant qui appellent à la paix à la miséricorde et à l amour si les conditions socioéconomiques et l évolution des cultures jouent un rôle

dans le sens donné aux religions si les hommes de religion favorisent une exégèse donnée si les hommes politiques leur donnent l'interprétation qui leur est favorable ce sont finalement les hommes eux mêmes qui en retiennent la lecture qui leur convient nous sommes autant responsables de la violence religieuse que le sont les textes
