conceptualising terrorism argues that while there have always been good reasons for striving for a universally agreed definition of terrorism there are further reasons for doing so in the post 9 11 environment notwithstanding the formidable challenges that confront such an endeavour

green infrastructure encompasses many features in the built environment it is widely recognised as a valuable resource in our towns and cities and it is therefore crucial to understand create protect and manage this resource this handbook sets the context for green infrastructure as a means to make urban environments more resilient sustainable liveable and equitable including state of the art reviews that summarise the existing knowledge as well as research findings this handbook provides current evidence for the beneficial impact of green infrastructure on health environmental quality and the economy it discusses the planning and design of green infrastructure as a strategic network down to the

individual features in a neighbourhood and looks at the process of green infrastructure implementation emphasising the importance of collaboration across multiple professions and sectors this comprehensive volume operates at multiple spatial scales from strategic networks at the regional level to individual features in neighbourhoods with international case studies used throughout to illustrate key examples of good practice this collection of expert contributions will be invaluable to students and academics in the fields of planning urban studies and geography practitioners and policy makers will also find the policy discussion and examples enlightening

this edited volume explores the analytical possibilities of contrasting brazil and the united kingdom as examples of emerging and established powers respectively it is organised around several themes focusing on the roles of brazil and the united kingdom in the management of global economic governance international development international security the politics of regional integration global climate change governance and the political leveraging of sports mega events each chapter explores brazil s and or the uk s particular foreign policies and their resulting impact on these key areas of global governance and politics the conceptual focus is on these states motivations as either status seekers brazil or status maintainers uk in the context of a fast moving international landscape the chapters in this book directly or indirectly indicate that these states wish to draw attention to their aspiring or established positions as key global players through either visible foreign policy action and or symbolic rhetoric this book was originally published as a special issue of global society

in a multipolar world with growing demand for energy not least by emerging powers such as brazil india china or south africa bics questions of eu external energy governance would at first hand appear to be a high priority yet reality tells a different story the eu s geographical focus remains on adjacent countries in the european neighbourhood and on issues related to energy security despite being strategic partners and engaging in energy dialogues it seems that the eu is lacking strategic vision and is not perceived as a major actor in energy cooperation with the bics thus political momentum for energy cooperation and joint governance of scarce resources is vanishing resulting from three years of international interdisciplinary research cooperation among academics and practitioners in europe and the bics countries within a project funded by the volkswagen foundation this volume addresses one of the greatest global challenges specific focus lies on the bilateral energy dialogues and strategic partnerships between the eu and emerging powers regarding bilateral inter and transnational energy cooperation furthermore the analysis provides policy recommendations in order to tap the full potential of energy cooperation between the eu and brazil india china and south africa

dementia care at a glance is the perfect companion for health and social care professionals nurses students as well as family members and voluntary workers needing information and guidance about dementia care taking a person centred and interpersonal approach each chapter outlines an aspect of the experience of living with dementia and the steps that the nurse or healthcare professional can take to support them this comprehensive book will assist readers to respond effectively sensitively and with compassion to people living with dementia in acute

settings as well as in care environments and at home it acknowledges the challenges that arise for people with dementia family members and professionals and offers practical solutions based on current thinking and best practice presented in the bestselling at a glance format with superb illustrations and a concise approach covers the common forms and manifestations of dementia their causes and how to address them addresses a wide range of topics including interventions communication care planning medication therapy leadership as well as ethical and legal issues takes a positive holistic approach including not only physical and mental health issues but social and spiritual implications and a person centred focus throughout suitable for students on a range of healthcare courses supported by a companion website with multiple choice questions and reflective questions

the building of railways has had a profound but largely ignored physical impact on britain s coasts this book explores the coming of railways to the edge of britain the ruthlessness of the companies involved and the transformation of our coasts through

families parents and caregivers play a central role in child well being and development they offer identity love care provision and protection to children and adolescents as well as economic security and stability in keeping with the spirit of the convention on the rights of the child family and parenting support is increasingly recognized as an important part of national social policies and social investment packages aimed at reducing poverty decreasing inequality and promoting positive parental and child well being this publication seeks to develop a research agenda on family support and parenting support globally testo dell editore

the christian coptic heritage of egypt remains poorly studied from the perspective of heritage management and is also at risk from a number of external and internal factors this book offers an examination of the threats to these monuments through an analysis of the management of three heritage sites

the disclosures by edward snowden since june 2013 revealing mass surveillance and large scale intrusion practices have provided compelling evidence of the existence of far reaching technologically advanced surveillance systems put in place by united states intelligence services and their partners in certain council of europe member states these systems are aimed at collecting storing and analysing communication data including content location and other metadata on a massive scale in several countries a massive surveillance industrial complex has evolved which risks escaping democratic control and accountability and threatens the free and open character of our societies the surveillance practices disclosed endanger fundamental human rights including the rights to privacy freedom of information and expression and the rights to a fair trial and freedom of religion given the threat such surveillance techniques pose how can states uphold these fundamental rights and ensure the protection of privacy and internet safety in the digital age this book presents in its first part the report of the parliamentary assembly of the council of europe and in its second part the legal expertise of the european commission for democracy through law the venice commission
