the field of autobiographical memory has made dramatic advances since the first collection of papers in the area was published in 1986 now over 25 years on this book reviews and integrates the many theories perspectives and approaches that have evolved over the last decades a truly eminent collection of editors and contributors appraise the basic neural systems of autobiographical memory its underlying cognitive structures and retrieval processes how it develops in infancy and childhood and then breaks down in aging its social and cultural aspects and its relation to personality and the self autobiographical memory has demonstrated a strong ability to establish clear empirical generalizations and has shown its practical relevance by deepening our understanding of several clinical disorders as well as the induction of false memories in the legal system it has also become an important topic for brain studies and helped to enlarge our general understanding of the brain

chronicling the rise of los angeles through shifting ideas of race and ethnicity william deverell offers a unique perspective on how the city grew and changed whitewashed adobe considers six different developments in the history of the city including the cementing of the los angeles river the outbreak of bubonic plague in 1924 and the evolution of america s largest brickyard in the 1920s in an absorbing narrative supported by a number of previously unpublished period photographs deverell shows how a city that was once part of mexico itself came of age through appropriating and even obliterating the region s connections to mexican places and people deverell portrays los angeles

Magic Of Impromptu Speaking Create A Speech That Will Be Remembered For Years In Under 30 Seconds

during the 1850s as a city seething with racial enmity due to the recent war with mexico he explains how within a generation the city s business interests looking for a commercially viable way to establish urban identity borrowed mexican cultural traditions and put on a carnival called la fiesta de los angeles he analyzes the subtle ways in which ethnicity came to bear on efforts to corral the unpredictable los angeles river and shows how the resident mexican population was put to work fashioning the modern metropolis he discusses how los angeles responded to the nation s last major outbreak of bubonic plague and concludes by considering the mission play a famed drama tied to regional assumptions about history progress and ethnicity taking all of these elements into consideration whitewashed adobe uncovers an urban identity and the power structure that fostered it with far reaching implications for contemporary los angeles
