an incisive multidisciplinary look at the american family over the past 200 years written by respected scholars and researchers family in america offers two powerful antidotes to popular misconceptions about american family life historical perspective and scientific objectivity when we look back at our early history we discover that the idealized 1950s family characterized by a rising birthrate a stable divorce rate and a declining age of marriage was a historical aberration out of line with long term historical trends working mothers we learn are not a 20th century invention most families throughout american history have needed more than one breadwinner in the exciting new scholarship described here readers will learn precisely what is new in american family life and what is not and acquire the perspective they need to appreciate both the genuine improvements and the losses that come with change

an introduction to american policing second edition connects the us criminal justice system criminology and law enforcement knowledge to the progress of the police community it is the perfect resource for a police science course

the first comprehensive analysis of work and the workforce in the united states from the industrial revolution to the era of globalization this comprehensive two volume reference book is the first to analyze the central role of work and the workforce in u s life from the industrial revolution through today s information economy drawing on a variety of disciplines economics public policy law human and civil rights cultural studies and organizational psychology its 256 entries examine key events concepts institutions and

individuals in labor history entries also tackle tough contemporary questions that reflect the conflicts inherent in capitalism what is the impact of work on families and communities on minority and immigrant populations how shall we respond to changing work roles and the growing influence of the transnational corporation work in america describes and evaluates attempts to address social and class issues affirmative action occupational health and safety corporate management science and trade unionism and organized labor and offers the kind of comprehensive understanding needed to discover workable solutions

includes part 1 number 1 books and pamphlets including serials and contributions to periodicals january june

in this provocative and readable volume eleven leading constitutional authorities challenge business as usual in american foreign policymaking for far too long they contend americans have acquiesced to presidential claims to sweeping executive powers in foreign affairs thanks to imperial minded presidents a weak willed congress and neglectful scholars these authors forcefully argue that the president is not the supreme crafter of foreign policy and that congress must provide more than a rubber stamp for the president s agenda unilateral presidential control of foreign relations they warn can pose a grave threat to our nation s welfare and is simply without constitutional warrant combining constitutional theory with keen historical insights these authors illuminate the roots of presidential abuse of executive power and remind us of the past and potential costs of such disregard for our unique system of checks and balances an essential guide for all concerned citizens and members of congress this volume should help revive a proper understanding of this crucial dimension of american democracy

what if the american literary canon were expanded to consistently represent women writers who do not always fit easily into genres and periods established on the basis of men s writings how would the study of american literature benefit from this long needed

revision this timely collection of essays by fourteen women writers breaks new ground in american literary study not content to rediscover and awkwardly fit female writers into the white male scheme of anthologies and college courses editors margaret dickie and joyce w warren question the current boundaries of literary periods advocating a revised literary canon the essays consider a wide range of american women writers including mary rowlandson margaret fuller harriet beecher stowe emily dickinson frances harper edith wharton gertrude stein amy lowell and adrienne rich discussing how the present classification of these writers by periods affects our reading of their work beyond the focus of feminist challenges to american literary periodization this volume also studies issues of a need for literary reforms considering differences in race ethnicity class and sexuality the essays are valuable and informative as individual critical studies of specific writers and their works challenging boundaries presents intelligent original well written and practical arguments in support of long awaited changes in american literary scholarship and is a milestone of feminist literary study

the fourteen essays in this volume address the pros and cons of multiculturalism and explore its relationship with liberal democracy

the literature on rural america to the extent that it exists has largely been written by urban based scholars perpetuating out of date notions and stereotypes or by those who see little difference between rural and agricultural concerns as a result the real rural america remains much misunderstood neglected or ignored by scholars and policymakers alike in response emery castle offers the changing american countryside a volume that will forever change how we look at this important subject castle brings together the writings of eminent scholars from several disciplines and varying backgrounds to take a fresh and comprehensive look at the forgotten hinterlands these authors examine the role of non metropolitan people and places in the economic life of our nation and cover such diverse issues as poverty industry the environment education family social problems ethnicity race religion gender government public policy and regional diversity the authors are especially effective in demonstrating why rural america is so much more than just

agriculture it is in fact highly diverse complex and interdependent with urban america and the international market place most major rural problems they contend simply cannot be effectively addressed in isolation from their urban and international connections to do so is misguided and even hazardous when one fourth of our population and ninety seven per cent of our land area is rural together these writings not only provide a new and more realistic view of rural life and public policy but also suggest how the field of rural studies can greatly enrich our understanding of national life

for students of the early american republic james madison has long been something of a riddle the member of the founding generation whose actions and thought most stubbornly resist easy summary the staunchest of federalists in the 1780s madison would turn on his former allies shortly thereafter renouncing their expansive nationalism as a threat to the constitution and to popular government in a study that combines penetrating textual analysis with deep historical awareness gary rosen stakes out important new ground by showing the philosophical consistency in madison s long and controversial public life the key he argues is madison s profound originality as a student of the social compact the venerable liberal idea into which he introduced several novel and seemingly illiberal principles foremost among these was the need for founding to be the work of an elite few for madison prior accounts of the social compact in their eagerness to establish the proper ends of government provided a hopelessly naive account of its origin as he saw it the federal convention of 1787 was an opportunity for those of outstanding prudence understood in its fullest aristotelian sense to do for the people what they could not do for themselves this troublesome reliance on the few was balanced rosen contends by madison s commitment to republicanism as an end in itself a conclusion that he likewise drew from the social compact accommodating the proud political claims that his philosophical predecessors had failed to recognize rosen goes on to show how madison s idiosyncratic understanding of the social compact illuminates his differences not only with hamilton but with jefferson as well both men madison

feared were too ready to resort to original principles in coming to terms with the constitution putting at risk the fragile achievement of the founding in their determination to invoke respectively the claims of the few and the many as american compact persuasively concludes madison s ideas on the origin and aims of the constitution are not just of historical interest they carry crucial lessons for our own day and speak directly to current disputes over diversity constitutional interpretation the fate of federalism and the possibilities and limits of american citizenship

Right here, we have countless book **Magruders Prentice Hall American Government Assessment Answers** and collections to check out.
