more than fifty specialists have contributed to this new edition of volume 4 of the cambridge bibliography of english literature. the design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition the task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

excerpt from an anthology of recent poetry the best poetry is always about the earth itself and all the strange and lovely things that compose and inhabit it when a great poet sets himself the task of some big theme he needs only to hold as it were a magnifying glass to the earth we who are born and live here like very much to imagine other worlds and we have even mentally constructed such another in which to exist after dying on this one but we were careful to make it a glorified version of our own earth with everything we most love here intensified and improved to the utmost stretch of human imagination to each man his best poetry is that which he is able most to enjoy the first object of poetry is to give pleasure about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

first published in 1998 this volume will surely be regarded as the standard guide to russian literature for some considerable time to come it is therefore confidently recommended for addition to reference libraries be they academic or public

fifteen essays address subjects ranging from the history of feminist ethics to the logic of pluralist feminism and present feminist perspectives on such topics as terrorism bitterness women trusting other women and survival and ethics paper edition unseen 14 95

this study presents a critique of social constructionist identity politics which is distinguished from specific identity based political positions from within and with social constructionist commitments gupta examines the institutionalization of social constructionist identity politics in literary studies considering the notions of canonicity

what does it mean to live in the west today do people tend to identify with states with regions or with the larger west this book examines the development of regional identity in the american west demonstrating that it is a regionally diverse entity made up of many different wests great plains southwest rocky mountains and more in which american regionalism finds its fullest expression these fourteen original essays tell how a sense of place emerged among residents of various regions and how a sense of those places was developed by people outside of them wrobel and steiner first offer a compelling overview of the west s regional nature then thirteen other rising or renowned scholars from history american studies geography and literature tell how regional consciousness formed among inhabitants of particular regions all of the essays address the larger issue of the centrality of place in determining social and cultural forms and individual and collective identities some focus on race and culture as the primary influences on regional

consciousness while others emphasize environmental and economic factors or the influence of literature some even examine western regionalism in areas that lie beyond the west as it has traditionally been conceived each of the contributors believes that where a people live helps determine what they are and they write not only about the many wests within the larger west but also about the constant state of flux in which regionalism exists many books speak of the west as a place but few others deal with the west s different places many wests presents a vision of the west that reflects both the common heritage and unique character of each major subregion building on the revisionist impulse of the last decade to help redirect new western history toward an appreciation of regional diversity and integrate scholarship in the regional subfields it is a book for everyone who lives in studies or loves the west for it confirms that it is home to very different peoples economies histories and regions
