presents a comprehensive history spanning the 233 years of the four major services sales commissaries

The Routledge Handbook of U.S. Military and Diplomatic History provides a comprehensive analysis of the major events, conflicts, and personalities that have defined and shaped the military history of the United States in the modern period. Each chapter begins with a brief introductory essay that provides context for the topical essays that follow by providing a concise narrative of the period, highlighting some of the scholarly debates and interpretive schools of thought as well as the current state of the academic field. Starting after the Civil War, the chapters chronicle America's rise toward empire, first at home and then overseas, culminating in September 11, 2001, and the War on Terror. With authoritative and vividly written chapters by both leading scholars and new talent, maps and illustrations, and lists of further readings, this state-of-the-field handbook will be a go-to reference for every American history scholar's bookshelf.

presents a comprehensive history spanning the 233 years of the four major services sales commissaries

Attention! Learn more about your military now! Does a corporal have to salute a lieutenant or is it the other way around? What are forward-deployed units? Is an armored cow a type of tank or something soldiers eat? Are Polaris missiles dropped from the air or launched from a submarine? If someone calls you a cat, should you be honored or offended? Do you feel lost when it comes to all things military? Sure, you hear things on the news, and maybe you know someone who is in the military, but you probably have a hard time fully grasping the acronyms, equipment, and protocol they discuss. That's where a civilian's guide to the U.S. military can help. Author Barbara Schading decodes all things military for you. She discusses each branch: Army, Navy, Marines, Air Force, and the Coast Guard in simple terms you can understand. You'll get the background information, an easy-to-read chart showing rank and insignia, and an explanation of the organization of each branch. In addition, the book has extensive glossaries that cover terms, acronyms, slang, and equipment. You'll find an entire chapter that covers special operations forces like the Green Berets, Force Recon, Army Rangers, and more. You'll learn about their specific training, missions, and history. The book also covers other important aspects of the military, like flag and saluting etiquette, military funerals, the Tomb of the Unknown American Soldier, the American Legion, USO veterans of foreign wars, and other groups. Military law, military academies, medals and decorations, official military music, an explanation of the Geneva Convention, and a list of resources to help you find more information. So the next time you read the paper or talk with a new recruit, you don't have to feel lost. Become a knowledgeable civilian with the help of a civilian's guide to the U.S. military.

The most detailed study of Soviet military industrial espionage during the 1930s, 1940s, and 1950s, spying aimed specifically at acquiring restricted information and materials relating to American industry, technology, and science.

No mission too difficult. No sacrifice too great. Duty first. For almost a century, from the Western Front of World War I to the deserts of Iraq, this motto has spurred the soldiers who wear the shoulder patch bearing the big red one. In this first comprehensive history of America's 1st Infantry Division, James Scott Wheeler chronicles its major combat engagements and peacetime duties during its legendary service to the nation, the oldest continuously serving division in the U.S. Army. The Fighting First has consistently played a crucial role in America's foreign wars. It was the first American division to see

combat and achieve victory in world war i and set the standard for discipline training endurance and tactical innovation one of the few intact divisions between the wars it was the first army unit to train for amphibious warfare during world war ii the first division spearheaded the invasions of north africa and sicily before leading the normandy invasion at omaha beach and fighting on through the hurtgen forest the battle of the bulge the ruhr pocket and deep into germany by war s end it had developed successful combined arms regimental combat teams and made advances in night operations wheeler describes the first division s critical role in postwar germany and as the only combat division in europe during the early cold war after returning to the united states at fort riley kansas the division fought valiantly in vietnam for five trying years successfully protecting saigon from major infiltration along highway 13 while pioneering air mobile operations it led the liberation of kuwait in desert storm and kept an uneasy peace in bosnia and kosovo along the way wheeler illuminates the division s organizational evolution its consistently remarkable commanders and leaders and its equally remarkable soldiers meticulously detailed and engagingly written the big red one nimbly combines historical narrative with astute analysis of the unit s successes and failures so that its story reflects the larger chronicle of america s military experience over the past century
