the idea of progress stood at the very center of the intellectual world of eighteenth century britain closely linked to every major facet of the british enlightenment as well as to the economic revolutions of the period drawing on hundreds of eighteenth century books and pamphlets david spadafora here provides the most extensive discussion ever written of this prevailing sense of historical optimism

archaeologists of south carolina and florida and historians of the native south spanish florida and british carolina address elusive questions about yamasee identity political and social networks and the fate of the yamasees after the yamasee war

this book focuses on the complex ways in which architectural practice theory patronage and experience became modern with the rise of a mass public and a reconfigured public sphere between the end of the seventeenth century and the french revolution presenting a fresh theoretical orientation and a large body of new primary research this book offers a new cultural history of virtually all the major monuments of eighteenth century parisian architecture with detailed analyses of the public debates that erupted around such parisian monuments as the east facade of the louvre the place louis xv the place de la concorde and the church of sainte genevieve the pantheon depicting the passage of architecture into a mediatized public culture as a turning point and interrogating it as a symptom of the distinctly modern configuration of individual society and space that emerged during this period this study will interest readers well beyond the discipline of architectural history

how is it that at the end of the 17th century there was almost no native english tradition in painting theatre music or publishing yet by the end of the 18th century england had one of europe s richest cultures this book explains this transformation and provides a portrait of english culture in the 18th century

examines european dress as it evolved in 18th century france the text looks at french dress first from an aesthetic point of view describing in detail fashionable and everyday clothes it then examines the social and economic factors affecting fashion and compares styles in major european cities
