the eumc on 10 november 2005 released an analysis of events in the uk and elsewhere in the eu in the aftermath of the 7 july london bomb attacks the eumc s new report has analysed the impact on the eu s muslim communities the report examines government and police responses to the events the reaction from muslim communities media reporting and the possibility of an anti muslim backlash in the eu and in the uk in particular the eumc finds that the strong and united stand taken by the uk government police and community leaders including muslim community representatives in condemning both the bombings and any retaliation has played a major part in preventing an anti muslim backlash this joint action was decisive in countering a short term upsurge in anti muslim incidents in the immediate aftermath of the bombings such incidents have now dropped back to levels before the bomb attacks the report finds that across the eu the firm stand taken by governments communities and muslim organisations has had a similar effect the report concludes with recommendations on how in the longer term islamophobia can be countered and community cohesion is strengthened

organizations such as the sierra club and friends of the earth are familiar to anyone with an interest in environmental protection as activist groups they played by the same rules for years but in 1994 the rules changed with the republican takeover of congress environmental groups faced sweeping changes in federal policies that threatened the enforcement of environmental laws as these organizations intensified their efforts to meet these challenges they also altered their electoral strategies and political spending patterns this book traces those actions and shows what they mean for the future of environmentalism in the political arena while environmental advocacy groups have become bigger and better funded in recent years so have the corporate interests that compete with them for the attention of public and politicians the green agenda in american politics offers a new look at environmental advocacy that focuses on contemporary lobbying electioneering and agenda setting in this new context drawing on interviews with activists from a wide range of organizations robert duffy describes what environmental groups actually do when lobbying officials or the public he examines activity at both national and state levels to emphasize their growing use of websites email and action alert networks to conduct more sophisticated grassroots campaigns and he shows how they are devoting more funds to unregulated forms of spending such as independent expenditure issue advocacy advertising and public education campaigns duffy also tracks emerging trends in interest group politics and provides an overview of activism through the early 1990s he then documents the emergence of more aggressive action after 1994 such as providing campaign services to candidates and mounting voter registration drives he also shows how state and local groups have begun to play more important roles in the wake of the rollback of federal environmental regulations brimming with new insights into interest group lobbies in general and contemporary environmental groups in particular duffy s book opens a new window on the influence of big money in the supposedly democratic electoral process
