a damning denunciation of things as they are and a platform for how we can do better andrew leonard salon building on the international bestseller globalization and its discontents joseph e stiglitz offers here an agenda of inventive solutions to our most pressing economic social and environmental challenges with each proposal guided by the fundamental insight that economic globalization continues to outpace both the political structures and the moral sensitivity required to ensure a just and sustainable world as economic interdependence continues to gather the peoples of the world into a single community it brings with it the need to think and act globally this trenchant intellectually powerful and inspiring book is an invaluable step in that process

this book focuses on policies that truly work offering fresh new thinking about the questions that shape the globalization debate including a plan to restructure a global financial system made unstable by america's debt ideas for how countries can grow without degrading the environment a framework for free and fair global trade and much more throughout the author reveals that economic globalization continues to outpace both the political structures and the moral sensitivity required to ensure a just and sustainable world and he makes plain the real work that all nations must undertake to realize that goal dust jacket

the benefits of globalizations have failed to reach the least developed countries ldcs for both domestic and international reasons internationally ldcs continue to face daunting structural constraints some of which have been inherited from their colonial past this publication comprises the papers and statements presented at the united nations ministerial conference of the ldcs which draw attention to issues and challenges facing ldcs and provide policy makers practitioners and academics in ldcs with important policy guidance on the way forward

this paper focuses on concerns over wages jobs and future prospects are real and pressing for those who are not well equipped to thrive in this new world history clearly tells us that closing borders or increasing protectionism is not the way to go many countries have tried this route and just as many have failed instead we need to pursue policies that extend the benefits of openness and integration while alleviating their side effects emerging and developing economies have been the prime beneficiaries of economic openness according to the world bank trade has helped reduce by half the proportion of the global population living in extreme poverty china for instance saw a phenomenal drop in its extreme poverty rate from 36 percent at the end of the 1990s to 6 percent in 2011 another example is vietnam which in a single generation moved from being one of the world's poorest nations to middle income status which has allowed for increased investments in health and education

making globalization work for women explores the potential for trade unions to defend the socioeconomic rights of women in a global context looking at labor policies and interviews with people in unions and nongovernmental organizations the essays diagnose the problems faced by women workers across the world and assess the progress that unions in various countries have made in responding to those problems some concerns addressed include the masculine culture of many unions and the challenges of female leadership within them laissez faire governance and the limited success of organizations working on these issues globally making globalization work for women brings together in a synthetic and fruitful conversation the work and ideas of feminists unions ngos and other human rights workers

discusses how to expand the benefits of globalization to poor and working families around the world

this book contains business intelligence for companies in every economic sector looking for the

strategic acumen and structural changes required to become an effective global player logically organized and accessible it explains the core evolutionary stages for a company moving from domestic firm to exporter to international organization and finally to transnational global firm
