updated edition of a popular resource helps teachers seamlessly integrate differentiation practices into their daily routine in this updated edition of her guide to daily differentiated instruction Diane Heacox outlines the critical elements for success in today's classrooms she gives educators evidence-based differentiation strategies and user-friendly tools to optimize teaching learning and assessment for all students new features include an expanded section on grading information on connections between personalized learning and differentiation integration of strategies with tier one instructional interventions scaffolding strategies revised planning templates and updated resources which include digital tools and apps for assessment digital content includes customizable forms from the book a free downloadable PLC book study guide is available at freespirt.com/plc

this book features 20 essays that explore how Latin medieval philosophers and theologians from Anselm to Buridan conceived of habitus as well as detailed studies of the use of the concept by Augustine and of the reception of the medieval doctrines of habitus in Suárez and Descartes habitus are defined as stable dispositions to act or think in a certain way this definition was passed down to the medieval thinkers from Aristotle and to a lesser extent Augustine and played a key role in many of the philosophical and theological developments of the time written by leading experts in medieval and modern philosophy the book offers a historical overview that examines the topic in light of recent advances in medieval cognitive psychology and medieval moral theory coverage includes such topics as the metaphysics of the soul the definition of virtue and vice and the epistemology of self-knowledge the book also contains an introduction that is the first attempt at a comprehensive survey of the nature and function of habitus in medieval thought the material will appeal to a wide audience of historians of philosophy and contemporary philosophers it is relevant as much to the historian of ancient philosophy who wants to track the historical reception of Aristotelian ideas as it is to historians of modern philosophy who would like to study the progressive disappearance of the term habitus in the early modern period and the concepts that were substituted for it in addition the volume will also be of interest to contemporary philosophers open to historical perspectives in order to renew current trends in cognitive psychology virtue epistemology and virtue ethics

monograph on environmental sociology with particular reference to social research into attitudes and behavioural differences of urban areas and rural areas society in Sweden includes social theories on the sociological aspects of ecology and compares on this basis

occupational structures marital status public interest traditions family habits intelligence quotients of children etc in the urban and rural setting diagrams maps references and statistical tables

this volume considers the aristotelian virtue ethics tradition as it develops in the writings of thomas aquinas part one studies the types of virtues aquinas believes are held by christians in a state of grace aquinas s intriguing account is apparently fraught with inconsistencies which have split contemporary interpreters over not only how to understand aquinas on this matter but also as to whether it is even possible to provide a consistent interpretation of his doctrine this book brings together scholarship that reflects the various sides of the debate part two explores a thomistic synthesis regarding aquinas s account of the good as telos or end that emerges in the seventeenth century as well as what promise his virtue ethics holds today arguing that aquinas hylomorphic understanding of human beings as matter form composites furnishes a robust moral accounting that seems unavailable to alternative reductive materialist accounts

habit has long preoccupied a wide range of theologians philosophers sociologists psychologists and neuroscientists in habit s pathways tony bennett explores the political consequences of the varied ways in which habit s repetitions have been acted on to guide or direct conduct bennett considers habit s uses and effects across the monastic regimens of medieval europe in plantation slavery and the factory system through colonial forms of rule and within a range of medicalized pathologies he brings these episodes in habit s political histories to bear on contemporary debates ranging from its role in relation to the politics of white supremacy to the digital harvesting of habits in practices of algorithmic governance throughout bennett tracks how habit s repetitions have been articulated differently across divisions of class race and gender demonstrating that although habit serves as an apparatus for achieving success self fulfillment and freedom for the powerful it has simultaneously served as a means of control over women racialized peoples and subordinate classes

in this wide ranging volume leading scholars across several disciplines history literature sociology and cultural studies investigate the nature of liberalism and modernity in imperial britain since the eighteenth century they show how britain s liberal version of modernity of capitalism democracy and imperialism was the product of a peculiar set of

historical circumstances that continues to haunt our neoliberal present

in 1953 margaret mead and rhoda metraux produced the study of culture at a distance a compilation of research from this period this work long unavailable presents a rich and complex methodology for the study of cultures through literature film informant interviews focus groups and projective techniques
