dean koontz a master storyteller stands as one of the most versatile and prolific authors in contemporary american literature his work defies simple genre classification a testament to his versatility this definitive volume delves into the remarkable life and extraordinary literary contributions of a writer whose books have sold over 500 million copies worldwide and have been translated into 38 languages making him one of our most commercially successful authors born in 1945 to a troubled family in rural pennsylvania koontz s journey from humble beginnings to literary stardom is an american success story of exceptional proportions his difficult childhood marked by poverty and an alcoholic sometimes violent father profoundly influenced the themes that would later define his work the battle between good and evil the resilience of the human spirit and the possibility of redemption even in the darkest circumstances are all themes that koontz s life story embodies at the core of koontz s appeal is his unique ability to blend elements of horror suspense science fiction mystery and even romance into narratives that defy categorisation while remaining accessible and emotionally resonant this work analyses how koontz developed his distinctive literary voice evolving from his early science fiction and horror publications to create the sophisticated

thrillers that would eventually become his hallmark special attention is given to his breakthrough novel whispers 1980 and his beloved character odd thomas who captured readers hearts worldwide the book delves into koontz s meticulous writing process his legendary work ethic that produces multiple bestsellers per year his exacting standards that sometimes lead him to completely rewrite novels from scratch and his unwavering commitment to crafting prose that balances suspense with literary quality it explores his deep moral convictions that infuse his work with philosophical depth rarely found in popular fiction beyond examining koontz s published works this volume also investigates his personal life his enduring marriage to his high school sweetheart gerda his well documented love of dogs particularly his beloved golden retrievers and his extraordinary philanthropy which includes substantial donations to canine companions for independence this book presents the most comprehensive portrait yet of a writer who has consistently defied expectations and transcended the boundaries of genre fiction it celebrates koontz not merely as a bestselling author but as a literary craftsman whose optimistic worldview that goodness can triumph over evil and that ordinary people can accomplish extraordinary things continues to inspire millions of readers around the globe

one of the most prolific and popular contemporary novelists dean koontz has captivated both young and mature readers alike this critical companion examines his mature fiction including his most popular recent novels watchers lightning dark rivers of the heart and intensity its intention is to provide both conventional and alternative readings so that students and readers who love koontz s fiction can develop their critical skills other novels examined in depth are phantoms strangers imidnight ithe bad place and mr murder seven other dean koontz novels are examined in comparison to these as well a biographical chapter sketches dean koontz s background and suggests ways in which growing up as the child of an abusive alcoholic has affected his work a chapter on genre shows that koontz combines elements from a number of genres in his writing and that his novels are moving in the

direction of mainstream fiction kotker's discussion of koontz's increasingly somber world view shows him to be a writer deeply concerned with issues of individual freedom each chapter deals with one novel in depth while making comparisons to other novels in his canon plot character development setting point of view and thematic issues are discussed for each novel kotker also examines each novel from an alternative critical approach providing the reader with an additional perspective because of its easy to use format and thorough critical approach this book will be a key purchase for school and public libraries whose students and patrons read dean koontz

the volume collects papers by leading semanticists syntacticians and morphologists working on the notion of degree it aims at deepening our understanding of i the internal and external syntax of the standard clause ii the internal morphological structure of the comparative marker e g er in english iii different semantic implementations of the notion of degree iv the syntactic status and semantic contribution of standard markers and v the distinction between phrasal and clausal comparatives and their interaction with the process of comparative deletion the authors are raising a number of fundamental questions related to the nature of degrees and the way they are encoded in syntax and semantics among them are what are degrees introduced by are they primitives or sets what is the internal structure of comparative adjectives is there a containment relation between the positive and the comparative forms is the comparative always morphologically overt we believe that the answers to these questions provided by the selected authors will be a crucial component for a deeper understanding of degree and its formal modeling within the generative framework as such this volume represents a fundamental tool for intermediate and advanced researchers working on comparative and equative constructions comparative and superlative adjectives and adverbs standard markers diminutives and deadjectival verbs

this book represents a landmark effort to probe and analyze the theory and empirics of designing water disaster management policies it consists of seven

chapters that examine in depth and comprehensively issues that are central to crafting effective policies for water disaster management the author uses historical surveys institutional analysis econometric investigations empirical case studies and conceptual theoretical discussions to clarify and illuminate the complex policy process the specific topics studied in this book include a review and analysis of key policy areas and research priority areas associated with water disaster management community participation in disaster risk reduction the economics and politics of green flood control probabilistic flood forecasting for flood risk management polycentric governance and flood risk management drought management with the aid of dynamic inter generational preferences and how social resilience can inform sa sia for adaptive planning for climate change in vulnerable areas a unique feature of this book is its analysis of the causes and consequences of water disasters and efforts to address them successfully through policy rich cross disciplinary and transnational papers this book is designed to help enrich the sparse discourse on water disaster management policies and galvanize water professionals to craft creative solutions to tackle water disasters efficiently equitably and sustainably this book should also be of considerable use to disaster management professionals in general and natural resource policy analysts this book was published as a special issue of the journal of natural resource policy research

This book examines present management accounting issues in the light of Japanese experiences. This is particularly important in the study of management accounting since Japanese management not only learnt from the West but also grew out of it. The book describes the importance and meaning of feed forward management accounting, compares Asian and Japanese management accounting with the Western approach and examines the philosophy behind them. It ends by looking into the future of management accounting science.

This volume questions the organization of knowledge in organization studies that emerged after World War II. It calls into question the managerialist view of what organizations are, how they should be conducted and how they should be studied. The authors of the essays included here represent a diversity of views: neomarxist, labour process, symbolic, feminist.

Textbook on management composed of papers on various aspects of the subject written with the needs of developing countries in mind. Covers the social structure of industry, motivation, human relations, group dynamics, business organization, relations between managers and supervisors, leadership, communication, technological change, personnel management, aptitude tests, job evaluation, human resources planning, the computer, industrial research, etc.

Provides a foundation for understanding key management issues. The text maintains a functional focus and presents up to date research studies in the field. It is organized around four traditional management functions: planning, organizing, leading and controlling. This edition includes two chapters on technology and the design of work processes and managing teams. Multiple choice questions at the end of each chapter reinforce all of the chapter objectives and are designed to impart critical thinking skills by facilitating

increasing levels of thinking from knowledge to comprehension and finally to application an internet exercise at the end of each chapter requires students to locate information and investigate a variety of issues
