this sixth edition of the highly successful Australian adaptation Management A Pacific Rim Focus is authored by Bartol Tein Matthews Sharma and new author Brenda Scott Ladd. The text follows a traditional approach to management in content and topic emphasis among many improvements. Management 6e offers a more streamlined approach with all case studies now being located at the end of each chapter for ease of access. This edition is informed by extensive market feedback to create a text that addresses the needs of contemporary students and lecturers with greater coverage of management issues relevant to SMEs, improved referencing and a cleaner internal design. Key terms have been defined in international phonetics to assist international students with pronunciation.

This handbook provides a comprehensive overview of social work supervision internationally and presents an analytical review of social work supervision theory, practice and research presented in seven parts: international perspectives, supervision settings, roles, responsibilities and relationships, models and approaches, the interactional process, leading and managing supervision, emerging areas. The book examines how supervision contributes to the well-being, development and practice of social workers. It also sets the agenda for the future development of social work supervision internationally. Social work supervision is examined across countries, practice settings and in terms of participants, roles, relationships and responsibilities. Contributors show how and why social work supervision is integral to social work and the rich diversity of ways supervision can be practiced. Bringing together an international team of social work supervision scholars, researchers, supervisors and practitioners, this handbook is essential reading for social workers, supervisors, managers, policy advisors and professional leaders.
