a part of the 112 volumes under the name the international behavioural and social sciences library classics from the tavistock press

this volume draws together critical assessments of michel foucault s contribution to our understanding of the

making and remaking of the modern organization the volume provides a valuable summary of foucault s contribution to organization theory which also challenges the conventions of traditional organizational analysis by applying foucauldian concepts such as discipline surveillance and power knowledge the authors shed new light on the genesis of the modern organization and raise fresh questions about organization theory the bureaucratic career is for example analyzed as a disciplinary device a mechanism that seeks to alter rational choice rather than constrain bodies this raises questions about foucault s link

wasserstein is widely recognized as the father of modern day mergers and acquisitions he explains what drives mergers and how they get done usa today informative and entertaining kirkus reviews big deal is a penetrating look at the world of mergers and acquisitions by the legendary bruce wasserstein using compelling case studies he reveals the inside story of the billion dollar deals that shape america s economy
