scientific essay from the year 2014 in the subject business economics business management corporate governance language english abstract value chain management vcm is more than a theory it is a strategic business approach that is helping a growing number of businesses increase their long term competitiveness it would be extremely difficult to achieve such competitiveness by operating as an individual business within fragmented value chain the primary purpose of this research is to address procurement and value chain impact on organizational performance the project provides an informed objective perspective on vcm by demonstrating how value chains and procurement operate at the business level rather than the sector or sub sector level major changes are currently taking place within procurement functions of manufacturing firms procurement is shifting its focus from daily purchasing activities to long term value adding procurement and supply chain activities at the same time it is responding to the challenges and opportunities of electronic procurement e procurement which refers to the utilization of the internet to buy and sell products and services the responsibilities of procurement have changed over the last few decades procurement focused heavily on the transactional elements of the purchasing process procurement was accepted as a support function that provides for the sourcing needs of other departments within the organisation

this volume offers empirically based insights and findings on the question of how human service organizations are reacting to the increasing need for greater impact effectiveness and performance as demand for increased impact outstrips our knowledge of how best to achieve these goals the book s contributors discuss the innovative strategies being used to ensure that multiplex goals are being met and the degree to which client and staff concerns are being sacrificed for the organizational bottom line taken together these discussions demonstrate that specific management strategies and collaboration based on trust and consideration of mission may help improve the quality of some services however many of the pressures which organizations and managers experience are resulting in lower staff morale compromised missions and inefficiencies this book will be of interest to those researching human service agencies as well as those with a broader concern for how organizations react to doing more with less this book was originally published as a special issue of the human service organizations journal

i expect the jossey bass handbook will be a basic reference and source of numerous ideas and guidance for practicing managers leaders students and teachers in this field for years to come it belongs on the bookshelf of every leader and manager of a nonprofit organization dennis r young mandel professor of nonprofit management and governing director mandel center for nonprofit organizations case western reserve university herman and his associates have created a book that organizes a complex topic in a sensible and accessible way nationally recognized experts expand the reader s perception well beyond narrow managerial issues but the managerial meat is here too whether for reference or teaching purposes a better set of topics and authors on nonprofit leadership and management is difficult to imagine bradford h gray executive director program on non profit organizations ponpo yale university the leading experts in the nonprofit field describe effective practices in all the distinctive and important functions processes and strategies of nonprofit leadership and management based on up to date research theory and experience this comprehensive volume offers practical advice on every aspect of managing nonprofit organizations including board development strategic planning lobbying marketing government contracting volunteer programs fund raising financial accounting compensation and benefits programs risk management and much more
