amy greenberg examines the social cultural and political context that gave rise to manifest destiny one of the most influential ideologies in american history drawing on primary documents she explores how it evolved from colonial roots to become a fully articulated rationale in the 1840s for expanding the nation s borders

this book understands interprets and critiques the theology of the american empire that undergirds and bolsters u s foreign policy and global engagement in the contemporary world order it is particularly in conversation with african american experience american presidential history black religious and political thought as well as black theological perspectives the book makes a constructive theological statement and declaration on the american empire in opposition and resistance to racism and white supremacy in u s origins and historical development finally it proposes a way forward for twenty first century black theology in response to the foundational theology of james cone this publication is important not only for scholars interested in black religious thought but also those seeking critical reflection on the omnipresence of racial inequality and social injustice in the american empire

american imperialism and the state recasts imperial governance as an episode of american state building

the hero s journey is a process of re discovery of the principles that make up the national identity of a country these principles must then be applied in the formulation and implementation of foreign policy for the seventh time in its history america has discovered a grand synthesis of power and morality in projecting its resources and principles into the global arena this makes possible a more assertive moral foreign policy course in responding to a range of foreign policy challenges of these challenges salla asserts the most profound in terms of the scale of human suffering around the planet is that concerning violations of the rights of ethnic minorities ethnic conflicts and the humanitarian crises and massive human rights violations they generate form a foreign policy challenge that will preoccupy the minds of policy makers for much of the 21st century nato s intervention in the kosovo crisis is the high water mark for america s seventh hero s journey the intervention sends a decisive signal to all governments that the u s and its allies will no longer remain inactive in the face of states attempting to militarily repress the aspirations of their ethnic minorities this moral interventionism can safely be extended well into the 21st century if policy makers wisely combine the moral principles and foreign policy challenges that make up both the second american century and america s seventh hero s journey this provocative analysis will be of interest to all scholars students and researchers involved with the development of american

foreign policy

drawing on a postcolonial legal history of the united states territorial expansionism this book provides an analysis of the foundations of its global empire charles r venator santiago argues that the united states has developed three traditions of territorial expansionism with corresponding constitutional interpretations namely colonialist imperialist and global expansionist this book offers an alternative interpretation of the origins of us global expansion suggesting it began with the tradition of territorial expansionism following the 1898 spanish american war to legitimate the annexation of puerto rico and other non contiguous territories the relating constitutional interpretation grew out of the 1901 insular cases in which the supreme court coined the notion of an unincorporated territory to describe the 1900 foraker act s normalization of the prevailing military territorial policies since then the united states has invoked the ensuing precedents to legitimate a wide array of global policies including the war on terror puerto rico and the origins of us global empire the disembodied shade combines a unique study of puerto rican legal history with a new interpretation of contemporary us policy as such it provides a valuable resource for students and scholars of the legal and historical disciplines especially those with a specific interest in american and postcolonial studies

focuses on america s first attempts at empire building through a string of u s supreme court decisions in the early part of the 20th century that tried to define the legal and constitutional status of america s island territories puerto rico cuba and the philippines among others and reveals how the court provided the rationalization for the establishment of an american empire

the constitution of empire offers a constitutional and historical survey of american territorial expansion from the founding era to the present day the authors describe the constitution s design for territorial acquisition and governance and examine the ways in which practice over the past two hundred years has diverged from that original vision noting that most of america s territorial acquisitions including the louisiana purchase the alaska purchase and the territory acquired after the mexican american and spanish american wars resulted from treaties the authors elaborate a jeffersonian based theory of the federal treaty power and assess american territorial acquisitions from this perspective they find that at least one american acquisition of territory and many of the basic institutions of territorial governance have no constitutional foundation and they explore the often strange paths that constitutional law has traveled to permit such deviations from the constitution s original meaning

shatters the conventional belief that american foreign policy was borne out of a reaction to pearl harbor revealing instead a rich history of debates over the direction of american international relations many of which persist to this day

synthesizing exceptional cartography and impeccable scholarship this edition traces 12 000 years of history with 450 maps and over 200 000 words of text 200 illustrations
