before this book first appeared in 1963 most historians wrote as if the continental expansion of the united states were inevitable what is most impressive henry steele commager and richard morris declared in 1956 is the ease the simplicity and seeming inevitability of the whole process the notion of inevitability however is perhaps only a secular variation on the theme of the expansionist editor john l o sullivan who in 1845 coined one of the most famous phrases in american history when he wrote of our manifest destiny to overspread the continent allotted by

providence for the free development of our yearly multiplying millions frederick merk rejected inevitability in favor of a more contingent interpretation of american expansionism in the 1840s as his student henry may later recalled merk loved to get the facts straight from the foreword by john mack faragher

partial summary includes information on the 1831 flathead nez perce delegation to st louis

annotation this provocative collection of essays seeks to clarify and redefine mainstream political and social concepts whose meaning is problematic their touchstone is the relation between polis and praxis the public political space and the political action that maintains and is conditioned by that space the result is a stimulating and original contribution to current political discourse that explores and advocates the manifold possible levels of active political life below and above the level of the state in an open philosophical inquiry the author conducts a dialogue with many of this century s seminal thinkers as he takes up such topics as the plausibility of friendship as a model for political relations the relation between political praxis and experience heidegger s ontology of freedom foucault s treatment of power and the merits and disadvantages of habermasian critical theory fred dallmayr is packey dee professor of government at the university of notre dame

ranging broadly from andrew jackson to bill clinton and george w bush stuckey demonstrates how presidents accomplish the dual enactment of inclusion and exclusion through their rhetorical and political choices our early leaders were preoccupied with balancing the growing nation later presidents were concerned with the nature and definitions of citizenship by examining the political speeches of presidents exemplifying distinctly different circumstances she presents a series of snapshots which when taken together reveal both the continuity and the changes in our national self understanding

like many of her fellow missionaries to china pearl buck found that she was not immune to the influence of her adopted home some missionaries even found themselves convert ed by the far east in this book lian xi tells the story of buck and two other american missionaries to china in the early twentieth century who gradually came to question and eventually reject the evangelical basis of protestant missions as they developed an appreciation for chinese religions and culture lian xi uses these stories as windows to understanding the development of a broad theological and cultural liberalism within american protestant missions which he examines in the second half of the book
