*this classic book introduces readers to a 40 day prosperity plan which points out to readers what money really is and teaches a six step program which shows them how to free their minds from limiting beliefs*

*the authors document how four forces exponential technologies the diy innovator the technophilanthropist and the rising billion are conspiring to solve our biggest problems abundance establishes hard targets for change and lays out a strategic roadmap for governments industry and entrepreneurs giving us plenty of reason for optimism*

*whether seen as a land of opportunity or as paradise lost the american west took shape in the nation s imagination with the help of those who wrote about it but two groups who did much to shape that perception are often overlooked today promoters trying to lure settlers and investors to the west insisted that the frontier had already been tamed that the only frontiers remaining were those of opportunity through posters pamphlets newspaper articles and other printed pieces these boosters literally imagined places into existence by depicting backwater areas as settled culturally developed regions where newcomers would find none of the hardships associated with frontier life quick on their heels some of the west s original settlers had begun publishing their reminiscences in books and periodicals and banding together in pioneer societies to sustain their conception of frontier heritage their selective memory focused on the savage wilderness they had tamed exaggerating the past every bit as much as promoters exaggerated the present although they are generally seen today as unscrupulous charlatans and tellers of tall tales david wrobel reveals that these promoters and reminiscers were more significant than their detractors have suggested by exploring the vast literature produced by these individuals from the end of the civil war through the 1920s he clarifies the pivotal impact of their works on our vision of both the historic and mythic west in examining their role in forging both sense of place within the west and the nation s sense of the west as a place wrobel shows that these works were vital to the process of identity formation among westerners themselves and to the construction of a west in the national imagination wrobel also sheds light on the often elitist sometimes racist legacies of both groups through their characterizations of native americans african americans mexican americans and asian americans in the era wrobel examines promoters painted the future of each western place as if it were already present while the old timers preserved the past as if it were still present but as he also demonstrates that west has not really changed much promoters still tout its promise while old timers still try to preserve their selective memories even relatively recent western residents still tap into the region s mythic pioneer heritage as they form their attachments to place promised lands shows us that the west may well move into the twenty first century but our images of it are forever rooted in the nineteenth*

bring abundance into your life on every level this book is about the secret behind money power and love it is about the three laws of nature which together form the driving force behind the elements that seem to be the undercurrent in everybody s daily lives lack and abundance are not chance circumstances that just happen to you our future is decided by conscious thought and more importantly conscious knowledge of the three laws of nature dealing with money power and love by understanding money power and love we are all able to create an eternal flow of life spirit abundance and love in the world it reveals a connection between love power and money that you previously never thought possible money power love is one of the most spellbinding concepts of life success and abundance is within reach of everyone from the very first time money power love was a smash hit it led to spontaneous new insights and it has been an eye opener for many readers feedback i read the book twice learned a lot and incorporated it all with perfect results evelien ballantine south africa never thought a book was able to change my ideas about love power and money one of the best books ever koos min this book works like a mirror it changed our lives riky australia reading your book right now and i love it anne brussels belgium this book is the first in many years i finished in one day lot of recognition and confrontation and even tears sandra ruben the netherlands this fantastic book teaches you clear and simple what you are worth it gives a lot of insight recommended marcel van der wiel consultant the book has been published in english spanish dutch and german
