this concise and easily referenced clinical text brings together editors from a range of disciplines to address therapeutic approaches to common muscle and joint pain organized by chief complaint each chapter follows a structured format that takes readers from overview and assessment through a case history to a planned program of rehabilitation generalization to similar conditions and a treatment protocol midwest

due to the level of detail the images are best viewed on a tablet all the techniques you need to become an expert navigator

supported by the international association of addictions and offender counselors iaao this second annual review addresses innovation evaluation and program

development efforts in addictions and offender counseling experts in the field present peer reviewed models and recommendations for ensuring best practices in addictions and offender counseling

evaluations of agricultural technologies rarely consider how adoption may alter the labor allocation of different household members we examine intrahousehold decision making dynamics that shape smallholder agricultural households decision to hire in mechanical rice transplanting mrt a technology that reduces demand for labor to study the adoption decision we employ an experimental approach to estimating the willingness to pay for mrt services both at the level of individual men and women within the same households as well as at the overall household level we find that women value mrt more than men but this difference in valuation is not driven by differences in their individual characteristics but primarily by differences in preferences although women value mrt more than men they have less influence over the ultimate technology adoption decision in households with women working as outside hired laborers the intrahousehold differences in mrt valuation disappear suggesting that women value mrt as a means of reallocating on farm labor to other unpaid family work labor saving mechanization such as mrt may have important implications for rural labor markets and on the gendered division of labor within agricultural households

this unique guide offers you a thorough understanding of multilingual information access mlia and services and related concepts such as database design information retrieval machine translation and natural language processing written for digital library developers library and information science graduate students and information professionals serving international information users this book defines multilingual information access mlia and discusses the importance of enabling international users to access digital collections based on a systematic review of the research and development carried out on cross language information retrieval machine translation and case studies of current multilingual digital libraries the author clearly explains what you need to know about technologies for building mlia function for digital collections the book leads you through an examination of internet language services and tools that are useful for developing multilingual digital libraries and for assisting international users in accessing digital resources content is further clarified by two research projects that are presented to demonstrate the application of technologies used to build mlia functions and multilingual user interfaces the book concludes with possible strategies for using internet language services and tools to implement mlia function for digital collections
