the most authoritative life of mao ever written by the bestselling author of wild swans jung chang and her husband historian jon halliday based on a decade of research and on interviews with many of mao s close circle in china who have never talked before and with virtually everyone outside china who had significant dealings with him this is the most authoritative life of mao ever written it is full of startling revelations exploding the myth of the long march and showing a completely unknown mao he was not driven by idealism or ideology his intimate and intricate relationship with stalin went back to the 1920s ultimately bringing him to power he welcomed japanese occupation of much of china and he schemed poisoned and blackmailed to get his way after mao conquered china in 1949 his secret goal was to dominate the world in chasing this dream he caused the deaths of 38 million people in the greatest famine in history in all well over 70 million chinese perished under mao s rule in peacetime combining meticulous history with the story telling style of wild swans this biography makes immediate mao s roller coaster life as he intrigued and fought every step of the way to force through his unpopular decisions mao s character and the enormity of his behaviour towards his wives mistresses and children are unveiled for the first time this is an entirely fresh look at mao in both content and approach it will astonish historians and the general reader alike this a bombshell of a book chris patten the times the first great political biography of the twenty first century spectator

mao the unknown story by jung chang and jon halliday was published in 2005 to a great fanfare the book portrays mao as a monster equal to or worse than hitler and stalin and a fool who won power by native cunning and ruled by terror it received a rapturous welcome from reviewers in the popular press and rocketed to the top of the worldwide bestseller list few works on china by writers in the west have achieved its impact reviews by serious china scholars however tended to take a different view most were sharply critical questioning its authority and the authors methods arguing that chang and halliday s book is not a work of balanced scholarship as it purports to be but a highly selective and even polemical study that sets out to demonise mao this book brings together sixteen reviews of mao the unknown story all by internationally well regarded specialists in modern chinese history and published in relatively specialised scholarly journals taken

together they demonstrate that chang and halliday s portrayal of mao is in many places woefully inaccurate while agreeing that mao had many faults and was responsible for some disastrous policies they conclude that a more balanced picture is needed

an epic collection of fantasy tales in the grand tradition including a never before published a song of ice and fire story by george r r martin and an introduction by gardner dozois
