if ever there was a regional uk city with the credentials to host the 2022 commonwealth games birmingham was always it one in ten people in the city was born in an overseas commonwealth country and many more have family in member nations such as india jamaica and pakistan many of these are descendants of the generation who arrived after the second world war to find work in the city s manufacturing boom years but as simon wilcox discovers the links go much further back than that in fact the connections started with the canal building zeal of birmingham s industrial pioneers in the eighteenth century who built a canal network that spanned out from the gas street basin it was this network that opened up a new

world of trade for the city a world which revolved around metal chocolate and weekly shipments of ceylon tea

robert owen and the owenites were associated with the rise of an early industrial society in britain and with the development of an agricultural frontier society in the united states during the first half of the nineteenth century this book originally published in 1969 was the first to use both british and american source material and tells the story of robert owen and the movement associated with his name from the standpoint of comparative social and intellectual history the book directs new light on owenism and at the same time illuminates general problems of the history of social movements and social change in modern societies

originally published in 1963 this volume is devoted to an analysis of the organisation of the commissioners of sewers the incorporated guardians of the poor the turnpike trusts and the improvement commissioners and depicts the important development of these bodies during the eighteenth century by examining the constitutional features of these statutory authorities mr mrs webb support their main contention that here are to be found the beginnings of most of the local government services of the present day but to most readers the chief interest of this volume will lie in the last two chapters which analyse the whole development of english local government from the revolution to the municipal corporations act this description of how the old principles between 1689 and 1835 were gradually superseded by the new principles affords a convenient summary of the first four volumes
