a classic study of the garvey movement this is the most thoroughly researched book on garvey s ideas by a historian of black nationalism

this second volume of robert a hill s monumental ten volume survey of marcus mosiah garvey s extraordinary mass movement of black social protest covers a period of rapid growth the universal negro improvement association with its africa for the africans program of racial nationalism rapidly gained in strength in the aftermath of garvey s successful meeting in carnegie hall in august 1919 and culminated in its spectacular first international convention of the negro peoples of the world in 1920 hill has compiled a wealth of archival documents and original manuscripts with descriptive source notes and explanatory footnotes he provides a fascinating account of the spread of garvey s movement which was seen and feared by officials in america europe and colonial governments in africa and the caribbean as the major ideological force promoting radical consciousness among blacks hill continues the comprehensive outline begun in volume i of garvey s black star line the all black merchant marine and documents the beginnings of garvey s proposals for massive loans to the liberian government these controversial financial schemes led to garvey s reputation as a swindler and volume ii details the first charges of fraud the federal investigation of garvey broadened and deepened during 1919 1920 with j edgar hoover then an assistant to the attorney general continuing to search for grounds to deport garvey included here are numerous reports from government agents and informers which provide a valuable portrait of day to day union operations volume ii ends with the union s 1920 convention presented by garvey as a turning point in the history of black white relations the legislation and the elective offices produced by that convention were intended to form a virtual government in exile for africa fulfilling garvey s ambition to practice statecraft and create the symbols of black nationhood and sovereignty this volume is the second of six that focus on america the seventh and eighth focus on africa and the last two on the caribbean hill has brought together far more than a portrait of a single intriguing historical figure garvey s movement was a mass social phenomenon an afro american protest movement with strong links to african and caribbean nationalism in the first decades of the twentieth century this second volume of robert a hill s monumental ten volume survey of marcus mosiah garvey s extraordinary mass movement of black social protest covers a period of rapid growth the universal negro improvement association with its africa for the africa

africa for the africans was the name given in africa to the extraordinary black social protest movement led by jamaican marcus mosiah garvey 1887 1940 volumes i vii of the marcus garvey and universal negro improvement association papers chronicled the garvey movement that flourished in the united states during the 1920s now the long awaited african volumes of this edition volumes viii and ix and a forthcoming volume x demonstrate clearly the central role africans played in the development of the garvey phenomenon the african volumes provide the first authoritative account of how africans transformed garveyism from an external stimulus into an african social movement they also represent the most extensive collection of documents ever gathered on the early african nationalism of the inter war period here is a detailed chronicle of the spread of garvey s call for african redemption throughout africa and the repressive colonial

responses it engendered volume viii begins in 1917 with the little known story of the pan african commercial schemes that preceded garveyism and charts the early african reactions to the unia volume ix continues the story documenting the establishment of unia chapters throughout africa and presenting new evidence linking garveyism and nascent namibian nationalism

this book about marcus mosiah garvey attempts to situate garvey and garveyism within the perspectives of his age from the eighteenth century onwards several ideologies of black liberation were spawned in the atlantic countries in haiti the proposition became full scale revolution while brazil jamaica and the united states witnessed nearly two hundred years of rebellion the aftermath of the american revolution and the crystallization of white supremacy gave rise to a new wave of ideologies beginning with the dominant theme of back to africa promoted by martin e delaney this theme remained until the great depression of 1893 1897 thereafter there emerged a new group of spokesmen with a shift from back to africa to africa for the africans at home and abroad with marcus mosiah garvey and his universal negro improvement association unia as its chief proponent this new ideology was determined by an absolute divine ordination of race particularity and race absolutism it was demarcated by reason and freedom that subsumed the centrality of the individual and gave priority to the group and the state making as though it was absolutely true and necessary

among black leaders marcus garvey 1887 1940 was unique his popularity was universal his program for the return of african people to their motherland shook the foundations of three empires all subsequent black power movements have owed a debt to his example and his prophecy has been fulfilled in the independence that brought into being more than thirty african nations this illuminating reader shows garvey in all his dimensions among the many contributors are in addition to garvey himself w e b du bois e franklin frazier william z foster amy jacques garvey and the editor john henrik clarke

marcus mosiah garvey 1887 1940 led an extraordinary mass movement of black social protest

his universal negro improvement association and his back to african program of racial nationalism introduced many ideas that emerged again during the black power years of the 1960s pride in black roots pride in black physical features and african culture and rejection of assimilation into white america yet the charismatic black jamaican who roared his credo before huge audiences on the street corners of harlem remains an enigma his image as an honest idealist urging blacks to build their own nation has been clouded by accusations that he was a con man who in the name of black pride perpetrated one of history's greatest swindles the marcus garvey and universal negro improvement association papers clarifies the garvey phenomenon this is the first volume in a monumental ten volume survey of thirty thousand archival documents and original manuscripts from widely separated sources brought together by editor robert a hill to provide a compelling picture of the evolution spread and influence of the unia letters pamphlets vital records intelligence reports newspaper articles speeches legal records and diplomatic dispatches are enhanced by hill's descriptive source notes explanatory footnotes and comprehensive introduction of the over three hundred items included in volume i only very few have ever been published or reprinted before volume i begins with the earliest mentions in 1826 of the garvey family in jamaica's slave records and closes with garvey's triumphant address at carnegie hall on august 25 1919 the information is fascinating and often startling tracing garvey's early career in jamaica central america europe and the united states and detailing the first stirrings of what was to become an international mass movement hill presents complete documentation of the first official surveillance of the unia which prepared the way for the beginning of the criminal and civil litigation that engulfed garvey and his movement as american and european governments reacted to the perceived threat with repressive policies the documents also record the internal structure and political splits during the early years of the unia and provide the financial history of garvey's controversial black star line steamship venture one of the schemes that ultimately led to the financial collapse of his movement the first volume and the following five focus on america the seventh and eighth on africa and the last two on the caribbean the information hill has compiled goes far beyond preoccupation with a single intriguing historical figure to document the growth and demise of a mass social phenomenon an afro american protest movement with strong links to african and caribbean nationalism in the first decades of the twentieth century

in the years during and after world war i the pan africanist marcus garvey led what has been called the largest international mass movement of black people in the twentieth century he and his organization the universal negro improvement association unia built a steamship line sponsored expeditions to liberia staged annual international conventions inspired many black business enterprises endorsed black political candidates and fostered the study of black history and culture in the world of marcus garvey judith stein examines garvey's ideology and appeal by placing garvey and the unia carefully in the context of the international black politics and class structure of the period she analyzes the ways garvey boldly employed conventional racial ideas and goals to organize a militant black population during the social and political upheavals of world war i and its aftermath in addition stein sheds new light on her subject drawing on personal interviews with surviving garveyites and reports from the federal government's intelligence

organizations

this is the third volume of robert a hill s massive ten volume survey of marcus mosiah garvey and the extraordinary mass movement of black social protest he inspired hill brings together a wealth of original documents speeches letters newspaper articles intelligence reports pamphlets and diplomatic dispatches to provide a record of the period between the first and second international conventions of the universal negro improvement association the success of the august 1920 convention as documented in volume ii justified garvey s expanded emphasis on african redemption and established his movement s substantial following in black communities around the world and by the time of the august 1921 convention the unia was the major political force among blacks in the postwar world as volume iii reveals however there arose signs of crisis in the movement garvey s lieutenants began to doubt both the financial health of the black star line and the wisdom of garvey s methods of raising money for his liberian colonization and trade scheme soon the entire black star line enterprise hovered on the brink of bankruptcy and a steep decline in the shipping business made prospects for the black star line even less promising but garvey capitalized on the momentum gathered at the august 1920 convention and spent much of his time in a new round of promotional tours devoted to selling black star line stock shoring up weak unia divisions and chartering new ones this gave j edgar hoover his long awaited opportunity to remove garvey from the afro american political scene when garvey embarked on a promotional tour of the west indies and central america in february 1921 the united states government with some assistance from the british attempted to keep garvey from returning to the country garvey s trip was to mark a turning point in the history of the unia garvey s lieutenants who were charged with running the unia during his absence frequently clashed over unclear lines of authority this also created severe difficulties for the black star line and the unia s liberian project under these circumstances garvey asked for and received from the 1921 convention control over all unia and black star line finances as a means of centralizing all authority in his hands at the same time garvey launched an attack at the convention against those black leaders including w e b du bois whom he perceived as opponents of the unia he further initiated a controversial campaign to label these political opponents as advocates of social equality between the races while offering as an alternative his philosophy of racial purity this volume is the third of six that focus on america the seventh and eighth focus on africa and the last two on the caribbean in volume iii robert hill documents the complexities and turmoil of the garvey movement from 1920 to 1921 as an unfolding drama emerges that pits american and european political diplomatic and economic interests against the first comprehensive expression of the modern black struggle for freedom this is the third volume of robert a hill s massive ten volume survey of marcus mosiah garvey and the extraordinary mass movement of black social protest he inspired hill brings together a wealth of original documents speeches letters newspaper article

the fourth volume of the marcus garvey and universal negro improvement association papers marks the period of deepening crisis in the unia s political and economic fortunes after september of 1921 membership declined and morale in the unia began to weaken underlying it

all however was the final failure of the black star line that resulted when negotiations with the united states chipping board for the purchase of the long proposed african ship collapsed in march 1922 the movement also suffered a major setback when the first liberian colonization plan aborted in the summer of 1921 on the political front garvey s african program had to compete with w e b du bois s second pan african congress the were also major shifts in garvey s political strategy during this period his speeches reflecting a desire to placate the u s government while simultaneously assailing his lef wing critics for promoting social equality this disavowal of radicalism earned him further enemies on the left one of his chief black critics cyril v briggs the leader of the african blood brotherhood unwittingly supplied federal investigators with evidence that led to garvey s indictment on charges of mail fraud in february 1922 by prosecuting him however the department of justice did not discredit garvey in the eyes of his followers rather it temporarily strengthened his hold over the movement as the appearance of persecution intensified the loyalty of the unia membership but later in 1922 garvey did lose favor among many of his followers when it was disclosed that he had met secretly in atlanta with the acting imperial wizard of the ku klux klan what garvey had thought was a diplomatic triumph proved instead to be anathema to most blacks at the third unia convention in 1922 garvey repudiated the entire executive council of the unia while expressing his anger of plots against him from within the unia leadership loyalty to garvey thus became a more urgent issue than ever before but although garvey was once again able to silence his critics within the unia the price was to be a badly fractured and demoralized movement at the same time his political adversaries outside the unia were steadily gaining ground against him as meticulously documented as the three previous volumes volume iv provides the first extended record of garvey s emergent social philosophy particularly as it relates to his conception of racial purity and the metaphysics of the human condition it stands as an impressive record of the garvey movement the fourth volume of the marcus garvey and universal negro improvement association papers marks the period of deepening crisis in the unia s political and economic fortunes after september of 1921 membership declined and morale in the unia began to weak

in the early twentieth century marcus garvey sowed the seeds of a new black pride and determination attacked by the black intelligentsia and ridiculed by the white press this jamaican immigrant astonished all with his black nationalist rhetoric in just four years he built the universal negro improvement association unia the largest and most powerful all black organization the nation had ever seen with hundreds of branches throughout the united states the unia represented garvey s greatest accomplishment and ironically the source of his public disgrace black moses brings this controversial figure to life and recovers the significance of his life and work those who are interested in the revolutionary aspects of the twentieth century in america should not miss cronon s book it makes exciting reading the nation a very readable factual and well documented biography of marcus garvey the crisis naacp in a short swiftly moving penetrating biography mr cronon has made the first real attempt to narrate the garvey story from the jamaican s traumatic race experiences on the west indian island to dizzy success and inglorious failure on the mainland the major outlines are here etched with sympathy understanding and insight mississippi valley historical review now the journal of american history good reading for all serious history students jet a vivid detailed and sound portrait of a man and his dreams political science quarterly

if i die in atlanta my work shall then only begin but i shall live in the physical or spiritual to see the day of africa s glory i shall write the history that will inspire the millions that are coming and leave the posterity of our enemies to reckon with the hosts for the deeds of their fathers marcus garvey upon his imprisonment in the atlanta federal penitentiary 1925 the sixth volume of the marcus garvey and unia papers spans the great divide in the affairs of the american garvey movement that resulted from the imprisonment of its charismatic leader in 1925 the volume tells the story of garvey s failed efforts to win the appeal against his conviction for mail fraud his incarceration the legal battle to win his freedom and the massive grass roots petition movement mobilized in his defense the activism inspired by garvey s imprisonment was confounded by internecine struggles within the hierarchy of the movement and by growing financial difficulties including the failure of the black cross navigation and trading company the loss of liberty hall and the bankruptcy of liberty university the volume ends with garvey s release from prison and his deportation from america although he never returned to the united states garvey continued his forceful shaping of the history of the movement that bore his name first from jamaica and then from his final exile in britain if i die in atlanta my work shall then only begin but i shall live in the physical or spiritual to see the day of africa s glory i shall write the history that will inspire the millions that are coming and leave the posterity of our enemies to
