developing a security training program focuses on how to establish a comprehensive training program for a security department from the ground up this book highlights formal curriculum development consistent and continual training and the organizational benefits including how such security training will be a value add it s long overdue for the industry to revisit old security training models from the past to both general staff as well as to the dedicated security staff and professionals within organizations and examine and revamp such with a fresh perspective given the current dynamic environment for businesses and the threats businesses face it is important that any such training consider all procedures and policies and be fully integrated into the company culture this includes maintaining an eye on budgetary and financial costs while recognizing the need to budget for more training resources to maintain resilience and adaptability to current challenges and future changes to the environment there is only one way to prepare your staff and that is through comprehensive and consistent training developing a security training program provides the blueprint and tools for professionals to provide ongoing targeted and comprehensive security training at a low budget friendly cost

as the biomedical engineering field expands throughout the world clinical engineers play an ever more important role as the translator between the worlds of the medical engineering and business professionals they influence procedure and policy at research facilities universities and private and government agencies including the food and drug administration and the world health organization clinical engineers were key players in calming the hysteria over electrical safety in the 1970s and y2k at the turn of the century and continue to work for medical safety this title brings together all the important aspects of clinical engineering it provides the reader with prospects for the future of

clinical engineering as well as guidelines and standards for best practice around the world
