the latin american novel burst onto the international literary scene with the boom era led by julio cortázar gabriel garcía Márquez carlos fuentes and mario vargas llosa and has influenced writers throughout the world ever since garcía Márquez and vargas llosa each received the nobel prize in literature and many of the best known contemporary novelists are inspired by the region's fiction indeed magical realism the style associated with garcía Márquez has left a profound imprint on african american african asian anglophone caribbean and latinx writers furthermore post boom literature continues to garner interest from the novels of roberto bolaño to the works of dísar aira and chico buarque to those of younger novelists such as juan gabriel vísquez alejandro zambra

and Valeria Luiselli yet for many readers the Latin American novel is often read in a piecemeal manner delinked from the traditions, authors and social contexts that help explain its evolution. The Oxford Handbook of the Latin American Novel draws literary, historical and social connections so that readers will come away understanding this literature as a rich and compelling canon. In forty-five chapters by leading and innovative scholars, the handbook provides a comprehensive introduction helping readers to see the region's intrinsic heterogeneity. For only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century, and its flourishing from the 1960s onward. Furthermore, the handbook explores the region's representations of identity, narrative trends, and authors that make this literature so diverse and fascinating, reflecting on the Latin American novel's position in world literature.

In the 1960s there occurred amongst Latin American writers a sudden explosion of literary activity known as the boom. It marked an increase in the production and availability of innovative and experimental novels. But the boom of the 1960s should not be taken as the only flowering of Latin American fiction, for such novels dubbed 'New Novels' were being written in the 1940s and 1950s as well as in the 1970s and 1980s. In this edited collection, first published in 1990, Philip Swanson charts the development of Latin American fiction throughout the twentieth century. He assesses the impact of the 'New Novel' on Latin American literature and follows its growth. Nine key texts are analysed by contributors, including works by the 'Big Four' of the boom: Fuentes, Cortázar, García Márquez and Vargas Llosa. This book will be of interest to critics and teachers of Latin American literature and will be useful too as supplementary reading for students of Spanish and Hispanic studies. It will also serve as a helpful introduction to those new to Latin American fiction.

The concise encyclopedia includes all entries on topics and countries cited by many reviewers as being among the best entries in the book. Entries on the 50 leading writers in Latin America from colonial times to the present and detailed articles on some 50 important works in this literature. Those who read and studied in the English-speaking world.

Uno de los libros básicos para emprender el estudio de la literatura hispanoamericana de la segunda mitad de este siglo es *La ciudad y los perros* de Mario Vargas Llosa, publicada en 1962. Premio Biblioteca Breve y Premio de la Crítica. Con esta novela Vargas Llosa alcanza el reconocimiento internacional. En ella demuestra ya una madurez literaria extraordinaria que en adelante iría en aumento hasta alcanzar a la fecha un estilo depuradísimo y un sitio de primera fila entre los escritores contemporáneos. Con *La ciudad y los perros*, Mario Vargas Llosa se inscribe como uno de los escritores fundamentales del movimiento literario conocido como el boom latinoamericano, fenómeno que se caracterizó por la publicación casi simultánea de las primeras obras de una generación que a la par que denuncia una realidad común por vez primera rompe las fronteras continentales y alcanza una difusión mundial desde su publicación. *La ciudad y los*

perros ha sido traducida a mas de treinta lenguas la ciudad y los perros no solamente es una diatriba contra la brutalidad ejercida en un grupo de jovenes alumnos del colegio militar leoncio prado tambien es un ataque frontal al concepto erroneo de la virilidad de sus funciones y de las consecuencias de una educacion castrense malentendida asi como el humor es una de las constantes en la obra del escritor peruano la ciudad y los perros se caracteriza por ser tal vez el mas violento de todos sus libros aunada a la brutalidad propia de la vida militar a lo largo de las paginas de esta extraordinaria novela la vehemencia y la pasion de la juventud se desbocan hasta llegar a una furia una rabia y un fanatismo que anulan toda sensibilidad
