medicine and psychiatry both based on science require the art of caring using the principles of art in learning and teaching sitting with a patient making sense of their distress being empathetic in understanding both the symptoms and the person and alleviating suffering needs a human touch for that doctors need the soul of an artist and must be aware of the value that arts have for society and the individual from the foreword by dinesh bhugra this comprehensive book explores how visual art cinema music poetry literature and drama can inform the teaching and practice of psychiatrists and mental health professionals edited and written by a team of expert practitioners teachers and researchers including both clinicians and users of mental health services this comprehensive book will provide valuable insights for undergraduate and postgraduate educators with teaching responsibilities in psychiatry and mental health students of the medical humanities art music and drama therapists and educators in occupational therapy and psychology will also find this a valuable and insightful handbook the authors of this wonderful handbook provide a convincing argument that the arts are good for what ails us they have each used a preferred artistic medium to deepen personal reflection and to enhance their own creativity as physicians teachers and therapists their models are clear their suggestions practical but none of the approaches you will find here is reductive or simplistic try some of the reflective exercises and teaching strategies you will be sure to rediscover something you have always cherished about the art of healing from the foreword by allan d peterkin

arnstine shows how schools have been distracted from education by reformers urging higher standards the code word for higher test scores but education is revealed in the dispositions a person has sensitivity and resourcefulness amiability and responsibility taste wit and a disciplined intelligence this book examines the conditions needed to foster dispositions like these for they are not acquired by having the young spend more time studying standard academic subjects in preparation for competitive tests without recourse to esoteric jargon democracy and the arts of schooling shows why test scores are less significant than the quality of the experiences students have in school when that quality is high when it has the richness and the absorbing character we associate with the aesthetic then learning takes place

the book reveals how the social value of art may have one meaning for a policy maker another for a museum and still yet another for an artist and it is therefore in the interaction between these agents that we learn the most about the importance of rhetoric and interpretation as a trajectory in art history socially engaged art has a long and established history however in recent years or since the social turn that occurred in the 1990s the rhetoric surrounding the social value of art has been assimilated by cultural policy makers and museums interdisciplinary in its approach and bringing together contributions from artists curators and academics the volume explores

rhetoric social value and the arts within different social political and cultural contexts
