against the nation invites readers to explore south asia as a place and as an idea with a sense of reflection and nuance rather than submitting to conventional understanding of the region merely in geopolitical terms the authors take the readers across a vast terrain of prospects like

visual culture music film knowledge systems and classrooms myth and history as well as forms of politics that offer possibilities for reading south asia as a collective enterprise that has historical precedents as well as untapped ideological potential for the future

the south asian security complex refers to security interdependencies between the states in the region and also includes the effect that powerful external actors such as china the us and russia and geopolitical interests have on regional dynamics this book focuses on the national securities of a number of south asian countries in order to discuss a range of issues related to south asian security the book makes a distinction between traditional and non traditional security while state centric approaches such as bilateral relations between india and pakistan are considered to be traditional realist approaches to security the promotion of economic environmental and human security reflect global concerns liberal theories and cosmopolitan values the book goes beyond traditional security issues to reflect the changing security agenda in south asia in the twenty first century and is a useful contribution to studies on south asian politics and security studies

what does it mean to be a man in the shifting context of south asia masculinity has in recent years begun to be theorised as a field of study while its study in different cultural areas islamic american mediterranean has been undertaken south asia remains relatively unexplored this volume seeks to fill the gap and build a wider body of ethnographic work as well as contribute to the theoretical literature on gender the papers are drawn from anthropology history film studies and literature and are aimed at south asian scholars as well as a wider audience of people interested in gender studies

south asia has developed from a group of newly independent post colonial states of at most secondary importance to the wider world to its current position as a region of central strategic importance to both global economic development and world peace and stability this atlas highlights the global significance of south asia in relation to economic geopolitical and strategic interests it provides a coherent descriptive and analytical account of the key elements of the complex societies that make up the region and its component countries illustrated with more than 100 original maps and offering concise entries on key issues the book is structured thematically in these sections global context geographical environments historical evolution of south asia key issues in modern south asia economy and security designed for use in teaching undergraduate and graduate classes and seminars in geography history economics anthropology international relations political science and the environment as well as regional courses on the south asia this book is also a comprehensive reference source for libraries and decision makers focusing on south asia

this book brings ethnographies of everyday power and ritual into dialogue with intellectual

studies of theology and political theory it underscores the importance of academic collaboration between scholars of religion anthropology and history in uncovering the structures of thinking and action that make politics work the volume weaves important discussions around sovereignty in modern south asian history with debates elsewhere on the world map south asia s colonial history especially india s twentieth century emergence as the world s largest democracy has made the subcontinent a critical arena for thinking about how transformations and continuities in conceptions of sovereignty provide a vital frame for tracking shifts in political order the chapters deal with themes such as sovereignty kingship democracy governance reason people nation colonialism rule of law courts autonomy and authority especially within the context of india bangladesh and pakistan the book will be of great interest to scholars and researchers in politics ideology religion sociology history and political culture as well as the informed reader interested in south asian studies

with its higher economic growth in recent years south asia is becoming an increasingly important region in the global economy this volume provides a very useful introduction to the economics of the region and will be of considerable interest to both students and researchers john weiss university of bradford uk the editors and contributors are to be congratulated for this comprehensive and original survey of the enormously important and diverse south asian economies hal hill australasian national university the handbook on the south asian economies edited by wahiduddin mahmud and anis chowdhry is a collection of essays on political economy of development of all seven south asian countries it is also one of only a few books available in the market covering all economies of south asia hence it fills a gap in the literature on south asian development one very important aspect of the book is a clear recognition by the editors that south asia s development will have to be studied and analysed within the context of its socio political institutions and hence not by relying solely on its economic policy regimes i recommend this book to scholars of all disciplines kartik roy university of queensland australia this handbook on the south asian economies a companion to the handbook on the northeast and southeast asian economies is a comprehensive and unique collection of original studies on the economic and social development of countries in south asia the analytical narratives draw upon a wide range of extant literature in an easily accessible way whilst highlighting the impact of socio political factors on economic outcomes the introductory chapter by the editors provides a comprehensive survey of the main features of south asian economic development especially in respect of the policy reforms since the late 1970s the handbook seeks to understand the varying degrees of achievements in economic transformation and social development in various parts of south asia and ponders whether these experiences indicate alternative pathways of socio economic progress or provide a unique framework for a south asian development model the experiences of economic reforms across the south asian countries with their distinctive socio economic settings and public cultures may thus provide fresh perspectives on the emerging development paradigms the

handbook is indeed based on the premise that development economics and south asia have a lot to learn from each other as with the handbook on the northeast and southeast asian economies this latest handbook will be an invaluable reference work for many years to come for researchers academics and students of asian studies and economics policymakers interested in learning more about the background and future opportunities and challenges posed by these economies will also find much to engage them

gathering contributions from leading academics and international trade experts from south asia this book is dedicated to the late dr saman kelegma whose untimely death in june 2017 left a huge void in the field of regional economic cooperation keeping in mind his enduring legacy regarding regional cooperation in south asia it covers issues related to the challenges of deeper regional integration in south asia and proposes strategies to address these challenges it also offers an up to date rigorous academic analysis of various issues related to low intra regional trade in south asia prevalence of tariff barriers incidence of a range of non tariff measures challenges of weak trade related infrastructure and the need for trade facilitation the political economics of regional integration highlighting how bilateral political relations affect the integration process low level of intra regional investment south asia s pattern of integration with the global and regional value chains pattern and dominance of informal trade and alternative regional integration initiatives in south asia such as the bilateral regional and sub regional trade agreements within and countries outside this region intended primarily for researchers and students of international trade and policymakers from south asia and beyond the book is also a valuable supplementary reference resource for researchers and students furthermore the pragmatic analysis of the policy options presented offers guidance for policymakers in south asia wanting to implement effective policies and strategies for deeper regional integration
