this is not a book about french gardens it is the story of a man travelling round france visiting a few selected french gardens on the way owners intrigues affairs marriages feuds thwarted ambitions and desires the largely unnamed ordinary gardeners wars plots and natural disasters run through every garden older than a generation or two and fill every corner of the grander historical ones families marry gardeners are poached political allegiances forged and shattered the human trail crosses from garden to garden they sit in their surrounding landscape not as isolated islands but attached umbilically to it

sharing the geology the weather food climate local folklore accent and cultural identity wines must be drunk and food tasted recipes found and compared the perfect tarte tartin pursued none of these things can be ignored or separated from the shape and size of parterre fountain herbaceous border or pottager so this is a book filled with stories and information some of it about french gardens and gardening but most of it about what makes france unlike anywhere else from historical gardens like versailles vaux le vicomte and courances to the kitchen gardens of the michelin chef alain passard there will be grand potagers like villandry and la prieure d orsan and allotments and back gardens spotted on the way monty also celebrates the obvious french associations of food and wine and finds gardens dedicated to vegetables herbs and fruit it is a book that any visitor to france whether gardeners or not will want to read both as a guide and an inspiration it is a portal to get under the french cultural skin and to understand the country in all its huge variety and disparity a little better

for most women a visit to the ob gyn is a dreaded experience it invokes images of sitting on an examination table in a flimsy tissue paper gown of staring nervously at the dreaded stirrups of feeling exposed of being poked and prodded and of being asked embarrassing questions about sex and reproduction if it is a first visit the patient will inevitably wonder what is my doctor really like is he cold and clinical or friendly and down to earth how did he become a doctor and why in a book that is as eye opening as it is compelling retired ob gyn douglas edwin heritage invites us to share the joy humor and tragedy of his 43 year career as a medical student intern resident and physician in private practice through a series of short vignettes heritage leads us through experiences ranging from the unconventional pranks of medical school to the solemnity of pronouncing his first patient he candidly brings to life the colorful and often bizarre encounters that define the unique medical subculture of obstetrics and gynecology stimulating irreverent and often droll my life as an ob gyn will delight both practitioners and laymen alike

in this lucid and entertaining book mel greaves argues that evolutionary biology offers a new perspective that can help us unravel the riddle of cancer why for example have women always had such a raw deal in the cancer stakes and why are some cancers such as prostate cancer increasing in incidence greaves argues that darwinian selection millions of years ago has endowed our genes and cells with inherently cancerous credentials and this is exacerbated by our rapid social evolution and exotic behavioural traits that outpace genetic adaptation the book is full of novel insights the latest scientific discoveries and wonderful historical anecdotes it provides a unique portrait of cancer past present and future

about thirty million americans who smoke say they want to quit but lack the motivation smoking 201 reasons to quit provides that motivation by focusing on why you should not smoke rather than how to quit the book contains a complete in depth explanation of the dangers and disadvantages of smoking the book describes more than one hundred ways that tobacco harms smokers health often leading to prolonged disability and early death a medical advisory panel of prominent physicians has reviewed these sections about tobacco related illnesses the book includes discussions of problems caused by nicotine addiction the best methods of quitting tobacco the health hazards of secondhand smoke to others and the ways that smoking increases the dangers of injury and death jack klugman star of stage and screen and an antismoking activist who fortunately survived the cancer caused by his smoking wrote the book s foreword

this decidedly lowbrow contribution to the literature on the marijuana debate is unimpressive in both textual and visual content many photographs are printed in too dark low contrast b w and surprise green and many of their captions consist of such lame attempts at humor it s doubtful that they would be funny even under the influence the body of the text itself also adopts this self consciously freewheeling tone as it meanders through discussions of pot prohibition medicinal use and other uses of hemp annotation copyrighted by book news inc portland or
