a call to action for therapists to politicize their practice through an emotional decolonial lens an essential work that centers

colonial and historical trauma in a framework for healing decolonizing therapy illuminates that all therapy is and always has been inherently political to better understand the mental health oppression and institutional violence that exists today we must become familiar with the root of disembodiment from our histories homelands and healing practices only then will readers see how colonial historical and intergenerational legacies have always played a role in the treatment of mental health this book is the emotional companion and guide to decolonization it is an invitation for eurocentrically trained clinicians to acknowledge privileged and oppressed parts while relearning what we thought we knew ignoring collective global trauma makes delivering effective therapy impossible not knowing how to interrogate privilege as a therapist client or both makes healing elusive and shying away from understanding how we as professionals may be participating in oppression is irresponsible
