in history of the rise and influence of the spirit of rationalism in europe william edward hartpole lecky meticulously examines the development of rationalist thought across europe detailing its philosophical underpinnings and societal impacts from the renaissance to the contemporary era lecky's scholarly treatise is characterized by a lucid prose style that encourages accessibility while maintaining intellectual rigor the work situates itself in the broader context of 19th century philosophical discourse challenging prevailing dogmas and exploring the interplay between reason morality and religious belief in shaping

modern thought lecky an irish historian and philosopher was deeply influenced by the intellectual currents of his time particularly the enlightenment s emphasis on reason progress and empirical evidence his academic background coupled with a keen interest in social and political philosophy provided him with the necessary tools to critique traditional narratives while advocating for the principles of rationalism his broader oeuvre reflects a commitment to understanding the historical evolution of ideas and their influence on contemporary society this monumental work is recommended for anyone interested in the evolution of rational thought and its implications for modern philosophy and ethics lecky ??s comprehensive analysis offers readers valuable insights into the forces that have shaped european intellectual history making it an essential read for students of history philosophy and social sciences

why does kierkegaard s thought remain vital in french philosophy and theology kierkegaard in france traces the dynamic evolution of kierkegaard s reception from the early 20th century to contemporary debates on faith ethics and individuality his influence on french thought is examined anew with regard to well known thinkers like jean paul sartre jacques derrida and paul ric??ur as well as readings that have largely been overlooked like those by simone de beauvoir and vladimir jank??l?vitch from existentialism and phenomenology to poststructuralism and feminism kierkegaard continues to be an essential interlocutor in shaping the continental tradition of thought in france there is a natural affinity between kierkegaard s uniquely intense subjectively involved metaphysical realism and the french spiritualist tradition which eschews both idealism and reductive empiricism this book brings out that affinity and displays it in all the variety of its manifestations both religious and secular both speculative and existentialist an indispensable and monumental entry for scholars and intriguing read for a wider audience catherine pickstock norris hulse professor of divinity university of cambridge

in this book richard campbell reformulates anselm s proof to show that factual evidence confirmed by modern cosmology validly implies that god exists anselm s proof which was never the ontological argument attributed to him emerges as engaging with current philosophical issues concerning existence and scientific explanation because every observable thing has a beginning it can be deduced that there is always in reality something than which a greater cannot be thought which exists necessarily it follows that its non existence is inconceivable anselm then proves that this is the god in whom he believes who alone so truly exists that he could not be thought not to exist the contingent nature of the universe is therefore a consequence of the proven belief that god is the creator of everything else

drawing on twenty years of research on the most common positive and negative influencing techniques people use to get ahead author terry r bacon explains how influence works and how you can use it to lead effectively and reach any goal we succeed when we re able to influence how others think feel and act getting them to accept our point of view follow our lead join our cause feel our excitement or buy our products and services by shedding light on how the act of influencing impacts our daily lives even when we don t realize we or others are doing it elements of influence offers the key to using this tool more consciously and effectively through adaptability perceptiveness and insight whether you re a

business leader frontline employee entrepreneur or stay at home parent this universal resource teaches you why people allow themselves to be influenced and why they resist how to choose the right influencing approach in different situations how to be influential without formal authority and what it takes to achieve success in every kind of organization or professional role even when working with those from other countries and cultures filled with tips exercises and practical applications elements of influence shows how anyone can exert influence to achieve real results
