acupuncture is a profound art and science and few systems have shaped its practice as significantly as the master tung system and traditional chinese medicine tcm while tcm s 14 channel framework is widely recognized the master tung system remains a treasure often passed down through generations of dedicated practitioners master tung and tcm acupuncture points and treatments bridges the gap between these two remarkable traditions providing a comprehensive resource for acupuncturists and students alike this book explores their unique strengths synergizing distinctive point features therapeutic applications and clinical strategies into a unified treatment approach with a special focus on the often underutilized practice of blood letting this book highlights its importance within the master tung system offering detailed insights into its indications and applications whether you are new to the master tung system or seeking to deepen your understanding of acupuncture s rich tapestry this book is your essential companion to mastering the synergy of these two extraordinary systems

in covering the subject of chinese medicine this book addresses topics such as oracle bones the treatment of women fertility and childbirth nutrition acupuncture and qi as well as examining

chinese medicine as practiced globally in places such as africa australia vietnam korea and the united states

although master tung s acupuncture has been in the public domain since his untimely passing in 1975 very little information is available publicly on how to use the system in a practical and systematic way in english in this book i hope to guide my fellow colleagues into the intricacies of applying master tung acupuncture in the clinic since i am also a practicing acupuncturist and deal with pain women s health and internal medicine problems quite frequently i am sharing my clinical experience in this book and the secret of creating the protocols that i use daily with modification i also attempt to explain why i choose a particular protocol and the modification to it in this book i introduce what i consider the best of master tung s acupuncture there are many books on master tung s acupuncture which introduce all of the 740 tung family points but often these books may be too much for the beginner and do not let the beginner grasp useful concepts or how to use master tung s acupuncture immediately and effectively most acupuncturists simply add the tung points to their already memorized tcm acupuncture point prescriptions and as a result make a mess out of their acupuncture they do not have a simple and elegant rationale for using the system in my teaching of master tung s acupuncture i always choose points that are painless easily accessible and have powerful immediate results

emotional trauma can upset the harmony of the body and reduce the body s ability to heal and regulate itself once the traumas are identified and treated the body will function at an optimum level and will respond to treatments for other conditions present this book integrates the multi diagnostic and treatment methods existing in chinese medicine and contains diagnostics such as facial pulse tongue and channel palpation diagnosis treatments include acupuncture chinese herbal formulas qigong shamanic drumming and lifestyle and nutritional recommendations many types of emotional traumas and their manifestations are presented including fear anxiety panic attacks ptsd depression mood swings insomnia and sensory organ impairment how to prevent future emotional

trauma will be discussed and case studies are included to show the application of theory in practice

although master tung s acupuncture has been in the public domain since his untimely passing in 1975 very little information is available publicly on how to use the system in a practical and systematic way in english in this book i hope to guide my fellow colleagues into the intricacies of applying master tung acupuncture in the clinic since i am also a practicing acupuncturist and deal with internal medicine problems quite frequently i wrote these based on the protocols that i use daily each of these protocols has been personally used by me one time or another in the clinic many of these are also the same protocols i used when i work daily in my private clinic since i am a visual person and i like things in a simple manner i have placed the pictures of the points indicated for the various ailments together to make it as simple as possible for the practicing acupuncturist to use in his or her clinic i dislike overly drawn out discussions on theory but prefer that application be one s guide i also dislike secrecy so i hold back no alleged secrets from anyone who wants to learn the real art my goal is to help end suffering in the world and help english speaking acupuncturists improve their proficiency through the vehicle of master tung s acupuncture

in this book i use a lot of standard acupuncture points along with master tung s acupuncture and emphasize the use of channels and imaging for optimal clinical use if a practitioner can use this work they can have a turnkey approach in the clinic simply by implementing these acupuncture and herbal protocols the idea is for each disease i have installed cheat sheets for the practitioner to immediately refer to and try to insert needles and prescribe herbs for the fifth in the series of master tung s acupuncture books the idea is for someone to start with the master tung s primer the best of master tung s acupuncture master tung s acupuncture for pain and master tung s acupuncture for internal medicine disorders with this manual we will discuss the use of master tung s acupuncture with herbals for even greater clinical success the book is composed of

monographs on each disease best points to treat the problem and high percentage success herbal prescriptions to give the patient as homework unique is that we only use a handful of both tcm and master tung points and a small amount of herbal formulas for a turnkey approach to a clinic this can be used as a roadmap for the new clinician improve clinical success for the intermediate practitioner or provide an alternative approach for the seasoned veteran

authored by world renowned scientists this book expertly reviews all the imaging techniques and exciting new methods for the analysis of the pain including novel tracers biomarker metabolomic and gene array profiling together with cellular genetic and molecular approaches recent advances in human brain imaging techniques have allowed a better understand of the functional connectivity in pain pathways as well as the functional and anatomical alterations that occur in chronic pain patients modern imaging techniques have permitted rapid progress in the understanding of networks in the brain related to pain processing and those related to different types of pain modulation neuroimaging of pain is designed to be a valuable resource for radiologists neuroradiologists neurologists and neuroscientists working in hospitals and universities from junior trainees to consultants

master tung s magic points volume two the how and why of tung s acupuncture begins with an examination of the seven theoretical principles used in tung s acupuncture while these foundational theories are discussed in the commentary throughout volume one a definitive clinical guide and volume three the clinician s best friend within this book we examine and explain them in much greater detail next we explore additional tung s and tcm acupuncture theory and practices including reaction areas body tissue correspondences face and palm diagnosis imaging and transporting points we include a significant contribution from yvonne farrell l ac discussing the eight extra meridians followed by a short commentary written by eric renaud on the interaction of tung s acupuncture with the eight extras we then provide instruction on special needling techniques including tonification and sedation palpation of points painless needling size length

depth and direction of needling curving needle technique and much more in depth chapters cover the ancient arts of bleeding cupping and moxibustion excerpts are included from dr wang xiu zhen s bleeding book which inspired the trip i took with dr lee to study bleeding techniques in hefei china lastly we offer extensive guidance to assist you with treatment planning as well as commentary about how to build a successful practice volume two bridges the detailed point descriptions found in volume one with the pathologies discussed in volume three and explains how various techniques affect the way tung s points work together these three volumes represent all that i have learned from my teachers dr young wei chieh and dr miriam lee along with the practical knowledge gained from hundreds of thousands of treatments i have given to my patients my best teachers over the last forty years it is our hope that the sum of our work provides you with a solid basis to immediately begin replicating the amazing outcomes for which master tung s acupuncture is famous may these outcomes serve as a launching pad for you to pioneer in your own clinic designing new treatments to effectively address any challenges you may encounter

historically the major library and information science lis research producing centers of the world have largely been the universities and information institutions of north america the united kingdom and europe this is changing with the growth of asian economies universities and information industries library and information science research in asia oceania theory and practice presents evolving and emerging research and development in the field of library and information science lis in diverse countries in asia oceania as the region continues to develop this book is intended as a useful resource for lis researchers scholars students professionals and practitioners and is an appropriate text for courses in lis in addition anyone interested in understanding the lis field in the region will find this book a fascinating and enlightening read

in this book i hope to guide my fellow colleagues into the intricacies of chinese medicine traumatology and the use of master tung s acupuncture in acute care and share the principles and concepts that make it a highly useful in the clinical setting i discuss here the principles and

concepts that are used in the clinic and practical use to the licensed acupuncturist who is also studied in chinese herbal medicine the chinese martial artist will also like my approach as i give the background on the herbology of dit da traumatology the composition of formulas discuss many famous remedies and their constitution teach to make your own custom rx s and use common patents for acute care and in addition use classical and master tung s acupuncture this has not been done before by any tung practitioner the book is extensively done in pin yin and chinese characters to help practitioners new to the subject to be able to cross reference the herbals in other books there are thousands of prescriptions for traumatology and orthopedics and after studying the subject for over 30 years and reading major books on the subject in chinese i distilled the essentials and approached the work in a practical straightforward manner to use clinically on a daily basis it is hoped that the reader can use these principles and concepts here and achieve amazing results in his or her practice as these are what i use in my own practice daily with amazing results

a quick reference manual for those clinicians who employ the acupuncture of master tung ching chang tables include point to disorder indications and disorders to indicated points depths and modes of needling included there is also an in depth discussion of micro puncture

this book is a primer an introduction of the quintessential basics something that a person who has not attended my seminars could read quickly and immediately familiarize themselves with the core concepts imaging channel methods have a few go to points and immediately apply the magic of master tung s acupuncture in the clinic it is not exhaustive in theory details or intricacies but shows the power of the system to a tcm trained acupuncturist and immediately benefit by it when i first started working with master tung s acupuncture in acupuncture school i read the available books of that time and wished there was a simple book to present the information since the average acupuncturist already is familiar with over 400 points why scrap that and begin another system but in the way i wrote this primer they can simply add to the information they have and

then immediately apply this in the clinic there are many books on master tung s acupuncture but often these books may be too much for the beginner and do not let the beginner grasp useful concepts or how to use master tung s acupuncture but don t underestimate the power of the content of this book it will certainly transform your practice the idea of this book is to give you a simple and elegant rationale for using the system use the powerful 14 channel acupuncture you are already familiar with and make use of the master tung system immediately

brand new 2nd edition point images included for each section take away the guess work eliminate the complexity want to know what works our master tung book about images mirrors and relationships was not only written to help explain these concepts it was written to help you choose the best image in your clinic no longer will it take 50 000 patients and 10 years to figure out what works best this book has done this for you honest open factual and clinically effective based acupuncture tips for the 21st century this book is the first of its kind it was written by a practitioner who treats 100 patients per week learn what theories work best in a western clinic understand the reasons why the points work how to avoid du 1 treatments how to treat the coccyx and sacrum using points on the head treat all patients fully clothed fast pain relief with distal and tung acupuncture in most cases pain relief is felt within minutes if not seconds how to add tung points to your current tcm treatments
