we need books like this one steven pinker at last stupidity explained and by some of the world s smartest people among them daniel kahneman dan ariely alison gopnik howard gardner antonio damasio aaron james and ryan holiday and so i proclaim o idiots of every stripe and morons of all kinds this is your moment of glory this book speaks only to you but you will not recognize yourselves stupidity is all around us from the coworker who won t stop hitting reply all to the former high school classmate posting conspiracy theories on facebook but in order to vanquish it we must first understand it in the psychology of stupidity some of the world s leading psychologists and thinkers including a nobel prize winner and bestselling authors will show you why smart people sometimes believe in utter nonsense how our lazy brains cause us to make the wrong decisions why trying to debate fools is a trap how media manipulation and internet overstimulation make us dumber why the stupidest people don t think they re stupid the wisdom and wit of these experts are a balm for our aggrieved souls and a beacon of hope in a world of morons

the number one international bestseller we need books like this one psychologist steven pinker at last stupidity explained and by some of the world s smartest people among them daniel kahneman dan ariely alison gopnik howard gardner antonio damasio aaron james and ryan holiday stupidity is all around us from the colleagues who won t stop hitting reply all to the former school friends posting conspiracy theories on facebook but in order to battle idiocy we must first understand it in the psychology of stupidity some of the world s leading psychologists and thinkers including a nobel prize winner will show you why smart people sometimes believe in utter nonsense how our lazy brains cause us to make the wrong decisions why trying to debate with fools is a trap how media manipulation and internet overstimulation makes us dumber why the stupidest people don t think they re stupid as long as there have been humans there has been human stupidity but with wit and wisdom these great thinkers can help us understand this persistent human affliction

matthijs van boxsel believes that no one is intelligent enough to understand their own stupidity in the encyclopædia of stupidity he shows how stupidity manifests itself in all

areas in everyone at all times proposing that stupidity is the foundation of our civilization in short sections with such titles as the blunderers club fools in hell genealogy of idiots and the aesthetics of the empty gesture stupidity is analysed on the basis of fairy tales cartoons triumphal arches garden architecture baroque ceilings jokes flimsy excuses and science fiction but van boxsel wants to do more than just assemble a shadow cabinet of wisdom he tries to fathom the logic of this opposite world where do understanding and intelligence begin and end he examines mythic fools such as cyclops and king midas cities such as gotham archetypes including the dumb blonde and traditionally stupid animals such as the goose the donkey and the headless chicken van boxsel posits that stupidity is a condition for intelligence that blunders stimulate progress that failure is the basis for success in this erudite and witty book he maintains that our culture is the product of a series of failed attempts to comprehend stupidity

the bride is falling for a stranger

a classic simon kuper financial times brilliant james o brien author of how to be right the five laws that confirm our worst fears stupid people can and do rule the world since time immemorial a powerful dark force has hindered the growth of human welfare and happiness it is more powerful than the mafia or the military it has global catastrophic effects and can be found anywhere from the world s most powerful boardrooms to your local pub this is the immensely powerful force of human stupidity seeing the shambolic state of human affairs and sensing the dark force at work behind it carlo m cipolla the late noted professor of economic history at the university of california berkeley created a vitally important economic model that would allow us to detect know and neutralise this threat the basic laws of human stupidity if you ve ever found yourself despairing at the ubiquity of stupidity among even the most intellectual of people then this hilarious timely and slightly alarming little book is for you arm yourself in the face of baffling political realities unreasonable colleagues or the unbridled misery of dinner with the in laws with the first and only economic model for stupidity
