folktales from eastern europe presents 71 tales from ashkenasic culture in the most important collection of jewish folktales ever published it is the second volume in folktales of the jews the five volume series to be released over the next several years in the tradition of louis ginzberg s classic legends of the jews the tales here and the others in this series have been selected from the israel folktale archives at the university of haifa israel ifa a treasure house of jewish lore that has remained largely unavailable to the entire world until now since the creation of the state of israel the ifa has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world the tales come from the major ethno linguistic communities of the jewish world and are representative of a wide variety of subjects and motifs especially rich in jewish content and context each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the ifa collection and extensive scholarly notes there is also an introduction that describes the ashkenasic culture and its folk narrative

tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography until the establishment of the ifa we had had only limited access to the wide range of jewish folk narratives even in israel the gathering place of the most wide ranging cross section of world jewry these folktales have remained largely unknown many of the communities no longer exist as cohesive societies in their representative lands the holocaust migration and changes in living styles have made the continuation of these tales impossible this volume and the others to come will be monuments to a rich but vanishing oral tradition

for high school science teachers homeschoolers science coordinators and informal science educators this collection of 50 inquiry based labs provides hands on ways for students to learn science at home safely author michael horton promises that students who conduct the labs in take home chemistry as supplements to classroom instruction will enhance higher level thinking improve process skills and raise high stakes test scores

as kami eneru plans to obliterate skypiea with all his unsuspecting followers on it nami can only stand by as he wipes out the straw hats switching allegiances in order to survive all she can do is hope for a savior could the best defense against a deadly lightning bolt from above be a certain rubbery pirate viz media

when mont blanc noland reached the shores of ancient jaya his teachings of modern science only fueled the distrust the shandians had toward outsiders but if they follow his advice in order to save their dying tribe they ll have to sacrifice everything they hold sacred viz media

the game boy encyclopedia is the sixth book in scottish author and journalist chris scullion s critically

acclaimed series of video game encyclopedias there are few video game systems as iconic and important as the nintendo game boy released in 1989 the handheld's humble green tinted display allowed for a low cost portable console that won over players where it mattered most the quality of its games from huge early successes like the iconic tetris and super mario land to its revival years later with the groundbreaking pokémon games the game boy stands proudly as one of the greatest gaming systems ever its 1998 successor the game boy color addressed the one main weak spot in the game boy's armor and offered full color games combined nearly 120 million game boy and game boy color handhelds were sold worldwide with both models playing a huge role in so many childhoods and adulthoods this book contains every game released in the west for both handhelds around 580 on the game boy and around 560 on the game boy color with around 1 150 games covered in total screenshots and trivia factoids for every single title and a light hearted writing style designed for an informative but entertaining read the game boy encyclopedia is the definitive guide to a legendary gaming platform
