the book evaluates and analyses the level of green development in over 100 major cities in asia pacific a quantitative analysis of the relationship with economic growth income distribution innovation capabilities service sector governance levels and city clusters are accumulated and presented in the form of a new index the urban green development index ugdi amongst the cities discussed in the case studies are penang malaysia singapore vladivostok russia portland usa hamburg germany and stockholm sweden

some two decades since the publication of london the promised land which charted and investigated the successes and failures of the migrant experience in london over a period of three hundred years this book re examines the migrant landscape in london while remaining a beacon for immigrants the migrant face of the city has changed rapidly and dramatically from one which was heavily populated by semi skilled and unskilled post colonial incomers to one which now embraces the eu accession countries refugees from the middle east and africa oligarchs from russia the new wealthy from china economic migrants from latin america and ireland and still post colonial immigrants at the same time witnessing the exodus home of incomers or their descendants who now see opportunities where there were none before the contributors all leading academics and practitioners in their diverse fields examine changes to the migrant landscape of contemporary london at the micro meso and macro levels london the promised land revisited thus explores a range of experiences in the capital including the presence and treatment of illness amongst migrants the phenomenon of migrant invisibility and asylum the migrant marketplace and ethnic clustering and interaction with local and national government across a variety of migrant groups both new and old as such this book will appeal to scholars across the social sciences with interest in migration migrant experiences and the contemporary global city

this book constitutes the proceedings of the 12th international conference on the integration of artificial

intelligence ai and operations research or techniques in constraint programming cpaor 2015 held in barcelona spain in may 2015 the 29 papers presented together with 8 short papers in this volume were carefully reviewed and selected from 90 submissions the purpose of the conference series is to bring together researchers in the fields of constraint programming artificial intelligence and operations research to explore ways of solving hard and large scale combinatorial optimization problems that emerge in various industrial domains pooling the skills and strengths of this diverse group of researchers has proved extremely effective and valuable during the past decade leading to improvements and cross fertilization between the three fields as well as breakthrough for actual applications

a green economy must be built on green jobs the kind of employment that is low carbon intended to reduce energy use and expected to restore environmental quality but attempts to define exactly what a green job is have led to varied and often contradictory answers there are many unresolved questions including whether we consider jobs in the nuclear fuel industry to be green jobs or is a worker at a glass making company which supplies the glass for the solar photovoltaic industry doing a green job given that glass making is a dirty industry this book deals with the relationship between green concepts green jobs green economy green growth and sustainable development it examines to which extent creation of green jobs supports overall economic development as opposed to creation of elitist jobs and greenwashing in order to do so general conceptual frameworks for green jobs green economy green growth and green policy are presented as well as their implementation in ten countries selected among the group of twenty the selection includes advanced the european union the united states of america australia canada republic of korea japan and developing countries mexico china turkey and brazil the analysis presented in this book shows that although green concept is well intentioned its implementation depends on local circumstances economic political and social developed countries perceive green growth as a way to create new markets and demand while developing countries rely more on labor intensive growth and less expensive green jobs thus greening the economy does not diminish differences between rich and poor this book is suitable for those who study and work in ecological economics sustainable development and labor economics

the probability of a world wide cyber conflict is small yet the probability of forms of cyber conflict regional or even global could be argued as being very high small countries are usually signatories to military and economic alliances with major world powers but rely heavily on the technical ability of these powers in protecting their own national interests they may be considered to be it technology colonies their cyber infrastructure is usually fully imported and their ability to assess it is limited this book poses the question to what extent should or can a small country prepare itself for handling the broad range of cyber threats looking at cyber warfare cyber terrorism cyber crime and associated concerns national experts from new zealand australia the netherlands and poland present analyses of cyber defence realities priorities and options for smaller countries they show that what is needed is the ability of small nations to be able to define and prepare appropriate responses such as the role of military law enforcement business entities continuity and resilience strategies incident response and business continuity plans and more for handling nationally aimed cyber attacks particularly where these address national critical infrastructures

families parents and caregivers play a central role in child well being and development they offer identity love care provision and protection to children and adolescents as well as economic security and stability in keeping with the spirit of the convention on the rights of the child family and parenting support is increasingly recognized as an important part of national social policies and social investment packages aimed at reducing poverty decreasing inequality and promoting positive parental and child well being this publication seeks to develop a research agenda on family support and parenting support globally testo dell editore

the bestselling bond investing classic updated to help you profit today and position yourself for the post covid era and decade ahead since the 2008 global financial crisis the investing world has changed radically credit is more difficult to access populations across the world are aging and economic growth has been tepid and now the global pandemic has shaken the global financial system to its core investors are facing a future where structural rather than cyclical change will have greater impact on financial markets in this new edition of the strategic bond

investor you'll find everything you need to generate profits while mitigating risk in the new normal. Pimco executive vice president and lead investing strategist Anthony Crescenzi explains how deeply the bond market impacts the global economy, the best ways to invest in bonds, and how to read this market to inform your overall strategy. Along the way, Crescenzi provides unique and invaluable insights into the role of the bond market in recent economic crises, both 2008 and 2020, in an era of the rise of socially responsible investing and at a time when we may well be witnessing a seismic shift in economic and financial power from the United States to China. Crescenzi draws on his vast experience as well as personal conversations with Alan Greenspan, Ben Bernanke, Janet Yellen, and other influential figures in finance, politics, and academia. He provides a glimpse at Pimco's storied investment process along with numerous types of investment strategies to meet various investing goals. The Strategic Bond Investor has guided investors through the capital markets for nearly two decades. Use this updated edition to achieve investing success in the next decade.
