It involves analyzing market opportunities, developing strategies, and implementing tactics to attract and retain customers. The core goal is to create value for customers while achieving the firm's financial and strategic goals.

**Key Components:**

- Market research and analysis
- Segmentation, targeting, and positioning (STP)
- Marketing mix development (Product, Price, Place, Promotion)
- Performance measurement and control

**Common Exam Question:** "Define marketing management and explain its importance in contemporary business environments."

**Core Concepts and Frameworks in Marketing Management**

**Segmentation, Targeting, and Positioning (STP)**

Segmentation involves dividing a broad market into smaller, homogeneous groups based on shared characteristics such as demographics, psychographics, or behaviors.
