business schools are institutions which a decade after the financial crash continue to act as loudspeakers for neoliberal capitalism with all its injustices and planetary consequences in this lively and incendiary call to action martin parker offers a simple message shut down the business school parker argues that business schools are cash cows for the contemporary university that have produced a generation of unreflective managers primarily interested in their own personal rewards if we see universities as institutions with responsibilities to the societies they inhabit then we must challenge the common notion that the market should be the primary determinant of the education they provide shut down the business school makes a compelling case for a radical alternative in the form of a school for organising this institution would develop and teach on different forms of organising instead of reproducing the dominant corporate model enabling individuals to discover alternative responses to the pressing issues of inequality and sustainability faced by all of us today

ellen koment first met jack leissring in 1969 when he came to her studio in valley ford ca and bought the first of many of her paintings since then they have been mutual inspirations and good friends jack was the collector perhaps patron that every artist dreams of ellen was the artist that every lover of art hopes to find in 1995 they were in a french cafe in san francisco where jack suggested that men in general and specifically he didn t really understand how women thought ellen responded that while she couldn t speak for all women she would try to share her responses to art relationships and love any and all things that friends share these letters by email were what came from the conversation

a definitive cultural history of high finance from one of the industry's most astute analysts written by internationally respected financial expert satyajit das extreme money shows how real engineering was replaced by financial engineering in the twentieth century enabling vast fortunes to be made not from goods produced or services performed but from supplying and trading money extreme money focuses on this eviscerated reality the monetary shadow of real things and what it means today the high levels of economic growth and the wealth that inevitably follows driven by cheap debt financial engineering and speculation were never sustainable and the last few years have borne this out the book shows how policy makers and regulators unknowingly underwrote the risks substantially reducing their ability to control economic outcomes extreme money concentrated economic power wealth and risk in the hands of a small community of gifted dynamic financiers largely outside the regulatory purview and the democratic process and there's no going back explains the extreme money games via private equity securitization derivatives hedge funds and other means invented by the elite financiers of last century raises deeper questions about the nature of the economic structure and assumptions about ongoing financially engineered prosperity that readers politicians and financial figures need to be asking the book is timed to coincide with the next phase of the financial crisis as prospects of recovery diminish and the global economy becomes mired in a western version of japan's lost decade ambitious in scope and coverage the book is the indispensable in depth guide to the age of modern money an age defined by extremes of financial behavior
