from the author of what colleges don't tell you a plan to help parents of middle and early high school students prepare their kids for the best colleges in order to succeed in the fiercely competitive college admissions game you need a game plan and you have to start young in this empowering guide elizabeth wissner gross a nationally sought after college packager helps parents of seventh to tenth graders create a long term plan that come senior year will allow their kids to virtually write their own ticket into their choice of schools parents should

start by helping their kids identify their academic passions then design a four year strategy based on those interests the book details hundreds of opportunities available to make kids stand out that most high school guidance counselors and teachers simply don t know about or don t think to share this indispensable guide should be required reading for any parent whose child dreams of attending one of the country s top colleges

for 8th graders freshmen and sophomores here s what to do now for juniors and seniors here are details about the tests the applications admissions factors financial aid essays interviews and college selection checklists are provided for each year of high school a comprehensive checklist for the application for each college is provided it is a reference book for these many details for when you need them use some chapters now and come back to other chapters later even in a year or more for 8th and 9th graders get a great start on high school by seeing what to do your freshman and sophomore years so you re not behind in junior and senior years which colleges are realistic which are affordable do not count any of them out yet can you get a great degree without a huge debt sure if you make the right choices these topics are covered how to get college ready and admissions ready benefits of community colleges and public colleges selective admissions factors and expectations activities internships and sports practice for standardized tests and subject tests application checklists and procedures financial aid and cost comparisons meeting admissions officials and essays and interviews after knowing more students and parents can better discuss and think about all these factors to decide if college is indeed the best option and what type of college is best the book explains the basics and moves into detailed information that you may not need right away but probably will use later it has handy reference pages containing checklists testing rules calendars admissions statistics college degree levels and websites to use so you don t have to look everything up yourself you don t have to remember everything now you can go back to the book again and again when you need the information for the maze of selective college applications admissions and choices the starter guide explains the basics and then provides a detailed analysis of the situation presents a detailed plan of action and points you to the some of the best sources for even more information to complete a serious run for the ivies and the other top 50 to top 150 colleges but the great options of public colleges aren t neglected as the benefits of community colleges public honors colleges tuition discounts in nearby states affordable regional colleges and flagship universities are explained finances and financial aid are covered with estimates of what to expect from both public and private colleges with examples for various household income levels students and parents will find advice on how to meet admissions staff learn how to build an impressive record based on what the colleges are looking for students will find practical advice on how to make the best impression with their attire conversational interactions paperwork and correspondence learn which questions to ask

and how to best convey your story while knowing what things to avoid doing and there are a few high school guidance counselors will like the reference information on testing test by test 8th grade to 12th grade in reference summary pages and admissions statistics the book covers test schedules reporting fees fee waivers test cancellation procedures information websites admissions events admissions statistics for 120 colleges in one spot the publisher looked them up and calculated them so you don t have to see about fine print admissions details like the lowest test scores for admissions at a college the starter guide to college for clueless students parents is a good value it doesn t have to be read all at once but can guide a student and the parents as time passes even loaned to others

as the authors state without rethinking how what when where and why we are teaching technology will merely be an expensive way of making the existing system faster and flashier in how to innovate mary moss brown and alisa berger founding co principals of the nyc ischool applytheir extensive on the ground experience to demonstrate a radically different approach to school transformation they introduce a scalable model of how schools can and should redefine themselves to better meet the needs of 21st century students using a framework built around four critical levers for school change curriculum culture time and human capital the nyc ischool model merges the teaching of big ideas and valuable skills with the realities of accountability academic preparation and adolescent development the bookincludes more than 20 activities that will help educators begin the process of school transformation whether they want to focus on a single program one area of change or engage in a full scale whole school improvement effort this accessible practical and inspiring resource is designed to be used over and over again in any context despite the constantly changing climates in which schools operate reimaging school and creating more schools like the ischool must be our highest national priority all students need to graduate from high school and college innovation ready as well as prepared for the complex challenges of continuous learning and citizenship in the 21st century time is running short i urge you to read this book with urgency from the foreword by tony wagner expert in residence at the harvard university innovation lab founder and co director of the change leadership group at the harvard graduate school of education public education mistakenly relies on a 19 century model to teach kids in the 21st century moss brown and berger decided to change this by opening the ischool in new york city and creating a whole new approach to how schools work they succeeded wildly and having walked the walk they now talk the talk so others can follow on the trail they blazed joel klein former chancellor of the new york city department of education 2002 2011 those who strive to create or transform a school will learn much from the shining example of these two fearless principals as learning contexts change with the rising tides of technology moss and berger focus above all on human and intellectual growth in

schools their nyc ischool offers hope for increasing imagination equity and depth in the face of the gathering storm of standardization kathleen cushman co founder of what kids can do and author of the motivation equation moss brown and berger launched one of the first schools to blend personalized instruction and community connected engaging projects anyone interested in a picture of next generation learning and the inside story of creating a great school should read this book tom van der ark ceo of getting smart mary moss brown and alisa berger are the founding co principals of the nyc ischool and are currently working as the founding partners in novare schools a consulting group that focuses on school leader coaching school design innovation and transformation
