digital marketing is not a new concept it is not a trend and it is not a fad either digital marketing has existed for over twenty years and is currently applied in all areas and marketing activities for this reason it is necessary to know the changes it has brought about both in the theoretical framework so that it can be taught and from an empirical perspective so that it can be applied in real contexts the changes have been profound and far reaching this work addresses this theme aiming to analyse the transversal impact of the digital in the different marketing sectors describing the profound changes that the digital has provoked in the main marketing activities and their sectors also referring to the current practices in use in each included topic it begins by looking at the classic marketing topics opening with an analysis of the impact that digital has had and is having on the marketing strategy of organisations moving on to the study of consumer behaviour in an era of continuous use of

electronic devices this is followed by a new topic which is marketing research and data analysis in a context where managers now have more data information and knowledge about the organisation competitors consumers and the wider environment than ever before marketing themes were also identified that have been significantly changed with digital communication is another of the themes of reference with profound changes in recent times followed by management of sales teams supply chain management relationship marketing and internal marketing the last chapters are also relevant contributions being dedicated to marketing sectors services b2b marketing internationalisation politics tourism and ngos
