libby libby short wrote this text based on their belief that the subject of financial accounting is inherently interesting but financial accounting textbooks are often not they believe most financial accounting textbooks fail to demonstrate that accounting is an exciting field of study and one that is important to future careers in business when writing this text they considered career relevance as their guide when selecting material and the need to engage the student as their guide to style pedagogy and design libby libby short is the only financial accounting text to successfully implement a real world single focus company approach in every chapter students and instructors have responded very favorably to the use of focus companies and the real world financial statements the companies chosen are engaging and the decision making focus shows the relevance of financial accounting regardless of whether or not the student has chosen to major in accounting

wild s financial accounting fundamentals responds to the market s request for a low cost succinct book a book that balances large and small businesses and one that is contemporary engaging and accessible for today s students its innovation is reflected in its extensive use of small business examples the integration of new technology learning tools superior end of chapter material and a highly engaging pedagogical design inclusion of connect and connect plus provides students every advantage as they strive to understand the key concepts of accounting and their role in business

focuses on a business perspective by using examples from the business world to illustrate accounting concepts

while many texts characterize themselves as having either a user approach or a preparer approach williams financial accounting is written for faculty who want to strike a balance between these approaches business majors will find relevance in the ethics fraud corporate governance your turn and case in point boxes throughout the chapters while accounting majors will receive a firm grounding in accounting basics that will prepare them for their intermediate course

david spiceland wayne thomas and don herrmann have developed a unique text based on over 50 collective years of experience in the classroom they ve brought together best practices like highlighting common mistakes offering frequent let s review exercises integrating the course with a running continuing problem demonstrating the relevance of the course to non majors with a career corner and communicating it all in a student friendly conversational writing style the new 2nd edition of financial accounting spiceland thomas herrmann has been developed with feedback from over 330 reviewers and focus group participants from across the country the following list of changes and improvements is a testament to the many hours that reviewers spent analyzing the 1st edition helping make financial accounting 2nd edition the best book of its kind

libby libby short wrote this text based on their belief that the subject of financial accounting is inherently interesting but financial accounting textbooks are often not they believe most financial accounting textbooks fail to demonstrate that accounting is an exciting field of study and one that is important to future careers in business when writing this text they considered career relevance as their guide when selecting material and the need to engage the student as their guide to style pedagogy and design libby libby short is the only financial accounting text to successfully implement a real world single focus company approach in every chapter students and instructors have responded very favorably to the use of focus companies and the real world financial statements the companies chosen

are engaging and the decision making focus shows the relevance of financial accounting regardless of whether or not the student has chosen to major in accounting

covering concepts and techniques in financial accounting this text uses international examples

students are often overwhelmed by the amount of information presented in the introductory financial accounting course by focusing on fundamental concepts in a logical sequence students are able to fully comprehend the material rather than memorize seemingly unrelated terms and topics the goal of fundamental financial accounting concepts is to enable students to understand how any given business event affects the financial statements the financial statements model is a highly praised feature because it allows students to visualize the simultaneous impact of business events on all of the key financial statements the income statement the balance sheet and the statement of cash flows
