this volume encompasses the range of issues encountered by language scholars who teach and research in departments of languages and cultures within the higher education system predominantly in australia but touching other universities worldwide related studies on language planning methodology or pedagogy have focused on one or more of these same issues but rarely on their totality intersections as a metaphor running discreetly through the essays in this volume connects them all to a lived reality the field of languages and cultures as it is practised and reflected upon in australian universities is essentially an interdisciplinary and interconnecting space one in which linguistic and disciplinary diversities meet and join forces rather than collide or disperse along different pathways the international and local studies featured here focus on language planning new pedagogies and language reclamation and link to meeting points and commonalities they show that language scholars are increasingly finding themselves on common ground as they tackle issues of policy and practice affecting their field whether within their institutions within the tertiary system or within the framework of government policy

serious science with an approach built for today's students smith's organic chemistry continues to breathe new life into the organic chemistry world this new fourth edition retains its popular delivery of organic chemistry content in a student friendly format janice smith draws on her

extensive teaching background to deliver organic chemistry in a way in which students learn with limited use of text paragraphs and through concisely written bulleted lists and highly detailed well labeled teaching illustrations don't make your text decision without seeing organic chemistry 4th edition by janice gorzynski smith

economics affects almost everything we do from our decisions at work to our shopping habits voting preferences and social attitudes this new edition of the popular text by david begg and gianluigi vernasca enables the reader to understand today's economic environment by examining the underlying theory and applying it to real world situations economics surveys the latest ideas and issues such as the role of regulation in banking the consequences of globalization and monetary union and the efficacy of our current economic models this coverage combined with a rich array of pedagogical features encourages students to explore our economic past and present and to think critically about where this might lead us in the future the new edition is updated to provide a comprehensive analysis of the financial crash its causes consequences and possible policy responses from fiscal stimulus to quantitative easing

this contributed volume focuses on understanding the educational strengths and weaknesses of mediated content including media as a learning supplement in comparison to traditional face to face learning each chapter includes research on and a broad brush summary of approaches to combining life sciences education with educational technologies the chapters are organized into four main sections each of which focuses on a key question regarding the consequences of incorporating media into education in this regard the authors highlight how educational technology is both a bridge and barrier to student access and inclusivity further they address the ongoing discussion as to whether students need to be present for lectures and on how having agency in their own learning can improve both retention and conceptual understanding to link the content to current events the authors also shed light on the impact that the covid 19 pandemic is having on the continuity of educational programs and on the growing importance of educational technologies consequently the book offers life science educators valuable guidance on the technologies already available and an outlook on what is yet to come

building on the tremendous success of their best selling economics brue mcconnell and flynn have revised their one semester approach in essentials of economics 3e to provide a fresh alternative for the survey course the result is a patient substantive treatment of micro and macro topics appropriate for the introductory economics student and fully integrated in the digital environment to provide instant remediation and feedback through mcgraw hill's innovative assessment tool connect plus economics mcgraw hill's adaptive learning component learnsmart provides assignable modules that help students master core concepts in the course
