a short history of the world illustrated h g wells a short history of the world with original illustrations although best known for his

scientific romances that paved the way for the modern science fiction genre h g wells 1866 1946 produced significant works on politics society science and history fascinated as much with the real world as his imaginary one and displeased with the quality of history textbooks at the end of world war i wells took on the task of writing his own book of world history in 1919 he published the outline of history a 1324 page book in three volumes which he soon followed with the much shorter and highly popular work a short history of the world this condensed work is a monumental account of the physical spiritual and intellectual evolution of the human race and chronicles key events of humanity s development more importantly wells brings to light the continuity of history and provokes thoughts on the future implications of our scientific and intellectual progress

this complete revision and updating of professor robins classic text offers a comprehensive account of the history of linguistic thought from its european origins some 2500 years ago to the present day it examines the independent development of linguistic science in china and medieval islam and especially in india which was to have a profound effect on european and american linguistics from the end of the eighteenth century the fourth edition of a short history of linguistics gives a greater prominence to the work of wilhelm von humboldt because of the lasting importance of his work on language in relation to general eighteenth century thinking and of its perceived relevance in the latter half of the twentieth century to several aspects of generative grammatical theory the final section covering the twentieth century has been rewritten and divided into two new chapters so as to deal effectively with the increasingly divergent development of descriptive and theoretical linguistics that took place in the latter half of this century readable and authoritative professor robins introduction provides a clear and up to date overview of all the major issues in the light of contemporary scholarly debate and will be essential reading for undergraduate and graduate students of linguistics alike

a bestselling history of medicine enriched with a new foreword concluding essay and bibliographic essay erwin h ackerknecht s a short history of medicine is a concise narrative long appreciated by students in the history of medicine medical students historians and medical professionals as well as all those seeking to understand the history of medicine covering the broad sweep of discoveries from parasitic worms to bacilli and x rays and highlighting physicians and scientists from hippocrates and galen to pasteur koch and roentgen ackerknecht narrates western and eastern civilization s work at identifying and curing disease he follows these discoveries from the library to the bedside hospital and laboratory illuminating how basic biological sciences interacted with clinical practice over time but his story is more than one of laudable scientific and therapeutic achievement ackerknecht also points toward the social ecological economic and political conditions that shape the incidence of disease

improvements in health ackerknecht argues depend on more than laboratory knowledge they also require that we improve the lives of ordinary men and women by altering social conditions such as poverty and hunger this revised and expanded edition includes a new foreword and concluding biographical essay by charles e rosenberg ackerknecht s former student and a distinguished historian of medicine a new bibliographic essay by lisa haushofer explores recent scholarship in the history of medicine

chronologically discusses the events of history beginning with the evolution of man and ending with the restructuring of western europe in 1993

a history of celebrity from byron to beckham love it or hate it celebrity is one of the dominant features of modern life and one of the least understood fred inglis sets out to correct this problem in this entertaining and enlightening social history of modern celebrity from eighteenth century london to today s hollywood vividly written and brimming with fascinating stories of figures whose lives mark important moments in the history of celebrity this book explains how fame has changed over the past two and a half centuries starting with the first modern celebrities in mid eighteenth century london including samuel johnson and the prince regent the book traces the changing nature of celebrity and celebrities through the age of the romantic hero the european fin de siècle and the gilded age in new york and chicago in the twentieth century the book covers the jazz age the rise of political celebrities such as mussolini hitler and stalin and the democratization of celebrity in the postwar decades as actors rock stars and sports heroes became the leading celebrities arguing that celebrity is a mirror reflecting some of the worst as well as some of the best aspects of modern history itself inglis considers how the lives of the rich and famous provide not only entertainment but also social cohesion and like morality plays examples of what and what not to do this book will interest anyone who is curious about the history that lies behind one of the great preoccupations of our lives some images inside the book are unavailable due to digital copyright restrictions

his passionate love for his wife sarah churchill ran like a golden thread of romance through marlborough s stormy career on the eve of battle and in the first flush of victory he must first and last write her and he would more willingly meet 20 000 frenchmen than his wife s displeasure indeed sarah seems to have waged her own battles very successfully with her tongue and also to have had her own diplomatic triumphs from chapter xi with a verve and liveliness worthy of a novelist american writer mary platt parmele 1843 1911 put her unique stamp on world history with her series of clever concise histories condensed tales of the world

s great nations that encompassed the essential facts necessary for appreciating the state of the world as she saw it with this book first published in 1895 and updated in 1900 she sketches the extraordinary story of the british isles from boadicea and the roman invasion to the irish famine the great exhibition and the laying of the transatlantic telegraph cable this is an exciting and inspiring reminder of the history of the peoples who share with americans a language an industrious spirit and a love of freedom and democracy of interest to readers of european and classical history parmele s books available from cosimo classics include the evolution of an empire a brief historical sketch of france the evolution of an empire a brief historical sketch of the united states a short history of france a short history of germany a short history of spain a short history of rome and italy

65 000 years a short history of australian art stares into the dark heart of australia s brutal colonial history and offers new insights into the first art of this country long before britain s invasion of australia in 1788 first peoples cultural and design traditions flourished for thousands of generations their art shaped the continent as we know it today and the societies that thrived here but these continuing artistic practices and new art forms were disregarded by the settlers and not considered to be fine art until the late 1980s in this publication twenty five writers urge us to reconsider the art history that is unique to the australian continent and to acknowledge its rise to prominence in modern times featuring new writing by leading thinkers across generations and disciplines it celebrates indigenous australian art across media time and language groups today indigenous art and artists are at the forefront of contemporary art practice in very real and tangible ways this publication reveals the artistic brilliance of australia s first peoples and stands as a testament to their resilience this book is published in association with a major exhibition at the university of melbourne s revitalised potter museum of art opening in 2025 also titled 65 000 years a short history of australian art the exhibition curated by professor marcia langton ao ms judith ryan am and ms shanysa mcconville features over 400 artworks that celebrate the longevity and brilliance of aboriginal and torres strait islander art despite a difficult history of colonialism and scientific racism

from his perspective in 1922 h g wells wrote a short history of the world this straightforward look at the world s timeline from the first appearance of humans to the reconstruction after world war i is an engaging and concise adventure story that also happens to be true xist publishing is a digital first publisher xist publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading no matter what form it takes
